Lull Marks Fighting On Korean Line

60,000 Chinese Reds Reported On Duty; U.N. Action Waited

By The Associated Press

General Douglas MacArthur's spokesman in Tokyo said today there are 60,000 Communist Chinese troops arrayed against U. N. forces in North Korea and a like number immediately available across the Manchurian frontier.

The war itself slowed down, with commanders possibly awaiting major diplomatic developments. Communist China has been asked to appear before the U. N. Security Council and explain the presence of her troops in North Korea.

The United States is expected to press without delay a demand for the withdrawal of the Chinese forces fighting in support of the Red Koreans and call on all governments to refrain from assisting the North Koreans.

A number of world diplomats urge a cautious and slow approach to the ticklish situation in fear it might explode into a world war.

The great strength of Chinese Red troops in North Korea, as disclosed by General MacArthur's intelligence officers, means the lull is not caused by an inability of the Reds to continue their pressure on Allied troops. This pressure last week forced the Allies back 50 miles from the border.

The Chinese seem to be awaiting orders, while the Peiping government weighs the stresses and strains of world diplomacy. The Chinese drew back in some sectors. Allied ground forces inched ahead in these spots to fill the vacuum. With 60,000 Chinese against them, plus about as many more North Koreans, it is a tight and cautious situation.

The sky war kept up at a furious pace. U. S. Navy Panther jets warded off Soviet-built jets and shot down one in history's second jet versus jet encounter. Yesterday U. S. Shooting Star jets downed one Russian-type Mig-15 and damaged another.

The Navy jets were protecting dive-bombers from the aircraft carrier Philippine Sea, which blasted bridges over the border-marking Yalu river at Sinuiju. That bombed-out city lies directly across the river from the Chinese city of Antung. This is the main supply route for Red forces. It was 90 per cent destroyed by super-Forts that dumped 600 tons of fire bombs and high explosives on it yesterday.

Three South Korean army officers who walked 150 miles through Communists lines said North Korean troops have vanished and that only Chinese seem to be fighting north of the Chongchon River.

U. S. Marines gained in yards against Chinese troops near the Changjin power dam in north-central Korea. A U. S. 10th Corps spokesman said the Chinese 184th Division was withdrawing in this sector.

In northeast Korea, the U. S Seventh Division made small gains and reached within 24 miles of the Manchurian border.

VISHINSKY GREETS GUEST ROBESON. Singer Paul Robeson was greeted warmly by Soviet Foreign Minister Andrei Vishinsky at the Soviet embassy's party in Washington, celebrating the 33rd anniversary of the Russian revolution. Top U.S. diplomatic officials declined invitations.

Winter-Like Weather Due To Hit Tonight

Snow Flurries Seen With Temperatures In Mid-20's, Windy

Winter-like weather is due for the East Liverpool district tonight, with snow flurries, blustery winds and temperatures in the mid-20's forecast.

It looks like the real thing, the weatherman said, with the coldest weather of the season due. Blizzard conditions prevailed in some areas today as the autumn cold wave headed East.

There was a freezing line from the Rockies to Northern Indiana and the cold Canadian air pushed South into Central Texas and Arkansas. Readings were near zero in parts of the cold belt in the Rocky Mountain region. Winds up to 40 miles an hour were forecast.

A 7-inch blanket of snow covered Denver and Lander, Wyo. There was a carpet of white measuring 5 inches at Cheyenne, Wyo., and Devil's Lake, N. D. The fall at International Falls, Minn., measured more than 6 inches.

Snow, whipped by winds up to 50 miles an hour, fell over the Red River Valley to a depth of from 2 to 4 inches last night. Highway traffic was slowed and airline flights canceled at the peak of the storm.

Mild weather continued in most of the Gulf States and the far Southwest.

22 Plane Dead Brought Down-

Bodies Carried Off Mountain In Montana

BUTTE, Mont., Nov. 9 (AP)—Flashlights guided exhausted men down the steep west slope of the Continental Divide last night with the charred remains of the 22 persons who died when an airliner crashed against the mountains in a blizzard.

Each of the bodies was encased in a "burial bag"—plastic sack. It was carried over the top of the divide and down a stretch of rocks, windfalls and brush covered with up to a foot of snow, to a waiting train. Then the bodies were brought here.

The Northwest Airlines Martin 202, on an instrument letdown into Butte early Tuesday, smashed into the north wall of Homestake Pass at an altitude of about 8,500 feet.

Warships Limp To Port After Fatal Collision

NORFOLK, Va., Nov. 9 (AP)—Two badly-damaged destroyers headed toward an undisclosed destination today for repairs following a pre-dawn collision during fleet maneuvers off the North Carolina coast.

Four men were killed and three injured, two critically, when the two vessels—the C. H. Roan and the Brownson—collided early yesterday while all ships were darkened during night exercises.

Atlantic fleet headquarters said the two ships, although heavily damaged, are not in danger of sinking. Two Navy tugs were dispatched to the collision area —400 miles east of the Carolina coast.

Tax Increase Seen Despite Vote Results

Policy Has Taken On Bipartisan Aspect In Rearming Plans

WASHINGTON, Nov. 9 (AP)—Congress may increase taxes again, perhaps to the highest level on record, notwithstanding the turn of political fortunes in Tuesday's elections.

The tax issue—on a multibillion-dollar war excess profits levy—is scheduled for consideration when the present Congress reconvenes Nov. 27 or earlier. The idea back of it is to prevent profiteering, curb inflation and provide money for guns.

In the face of vast spending in the Korean war, and threats of other Communist aggression elsewhere, tax policy has taken on some bipartisan aspects.

When Congress adjourned in September, to get ready for the elections, some top Republicans —as well as Democrats—were calling for a "pay-as-you-go" plan to finance the huge rearmament program.

Senator Taft, the Senate Republican policy chairman who won re-election by a thumping vote in Ohio, was a leader in this move. With him were such Democrats as Senator Byrd of Virginia.

Thus, tax policy appears to have been taken out of the sphere of "Fair Deal" legislation, although prior to the Korean war some Republicans had accused the administration on many occasions of seeking to use the taxation powers to socialize the nation.

The attitude of top Republicans and Democrats, who survived Tuesday's election, seems to be that rising taxes must accompany the growing costs of building armaments against communism.

Huks Are Linked To Communists At Philippines Trial

MANILA, Nov. 9 (AP)—Testimony that Hukbalahap guerrillas are the armed forces of the Communist party and are dedicated to the overthrow of the Philippine government opened the trial today of 14 alleged Communist leaders charged with rebellion.

The 14 are formally accused of "rebellion with murders and arson", of directing Huk raids. Seven are said to be members of the Philippines Communist party's secretariat general.

Benjamin Advincula, 20, Filipino employee of the U. S Navy, testified the aim of the Huks is to overthrow the Quirino regime "by force of arms".

Mr. Advincula said he learned this as a Huk colonel when he joined the rebels with Ronald Dorsey, 20, a U. S. Army private from Palmer, Mass.

Mr. Advincula and Mr. Dorsey later quit the Huks and surrendered to the Philippines army June 3. Mr. Dorsey was turned over to U. S. Army authorities to face desertion charges.

Quill Has Attack

NEW YORK, Nov. 9—Michael J. Quill, 44-year-old international president of the C.I.O. Transport Workers Union who suffered a heart attack yesterday, was reported in fair condition today at a hospital. He was stricken as he was about to board a plane for Washington at LaGuardia airport.

G.O.P. To Demand Senate Recount In Connecticut Race

HARTFORD, Conn., Nov. 9 (AP) — The Republican party will demand a recount in the tight race for the U.S. Senate between William Benton, the Democratic incumbent, and Prescott Bush, his G.O.P. opponent.

Republican State Chairman Clarence F. Baldwin said last night the recount will be sought because of the importance of the office and because of the bearing the outcome may have on control of the Senate.

If Mr. Benton's apparent victory were set aside and Mr. Bush named the winner, Democrats and Republicans each would have 48 seats, with Vice-president Barkley holding the decisive vote.

Mr. Benton's lead over Mr. Bush had dwindled to fewer than 1,000 votes on the basis of a state official's preliminary check of official returns.

Other major races had a decisive outcome. U.S. Senator Brien McMahon (D) was re-elected to a six-year term. Representative John Davis Lodge (R) ousted Democratic Governor Chester Bowles.

Ohio Election Stirs Many Big Puzzles

What Of Lausche And Taft Plans For '52? Observers Wonder

COLUMBUS, Nov. 9 (AP) — The election that draped labor, Democrats and guessperts on the ropes now is Ohio history.

It's an old story:

U. S. Senator Robert A. Taft, the Republican with resolve, rockets to re-election by a plurality of better than 430,000 despite a combine of labor and Democrats that shot the works.

Governor Frank J. Lausche, a Democrat with an intuitive sense of timing, slides comfortably into his third term as Ohio's chief executive on a 146,000 upstream plurality.

Republicans take over control of Ohio's congressional delegation, capturing 15 of 23 seats and they grab off three of four state offices—secretary of state, attorney general and state treasurer.

Lieutenant Governor George D. Nye, who buddied with Governor Lausche in the campaign, retains his $4,000-a-year spot by the cards closest margin.

Incumbent judges of the Ohio Supreme Court sail back into their jobs easily.

Republicans swing back into control of the legislature — both in the Senate and House of Representatives—by big margins.

This is history, but history had a habit of affecting the future—and that's where the eyes of Ohio politicians are focused today.

What, they speculate, will be the future for "Mr. Republican", the 61-year-old Cincinnati lawyer who now has three six-year terms in the U. S. Senate — but who has struck out twice in his efforts to become the G.O.P. presidential nominee?

Mr. Taft's virulent victory by a margin of 430,879 votes in the teeth of concentrated attacks by Ohio's biggest labor political combination certainly puts the Cincinnatian a stride ahead of the field for the 1952 nomination.

And, what of Mr. Lausche, the curly hair son of Slovenian immigrant parents?

Victory by 146,152 ballots over Republican Don H. Ebright of Akron in an election that flushed Democrats from offices like quail before the guns was just about a Lausche birthday present. He was 55 Nov. 4.

That's an age at which politicians take stock. Will the Clevelander, now in the chief executive's job for years Nos. 5 and 6, seek the U. S. Senate in 1952?

Ohio politicians figure Mr. Lausche set his sights on this job when he declined to run this year against Mr. Taft. They are saying the governor, an astute feeler of the public pulse, figured U. S.

Weighs Necessity Of Compromising

Truman Faces Tough Fight At Hands Of New Congress

WASHINGTON, Nov. 9 (AP)—President Truman faced the hard necessity today of compromising with a preponderantly hostile Congress on domestic and foreign proposals.

Although Democrats held onto numerical control of both houses in Tuesday's election, there is little doubt that Mr. Truman is up against the toughest opposition he has been confronted with since the Republicans won control of the 80th Congress.

A shifting coalition of Republicans and southern Democrats will make most of the major decisions in the new 82nd Congress, which will convene in January.

Heartened by the election results, the same group will have a lot to say about what happens in the final meeting of the 81st, scheduled to resume Nov. 27—or sooner if the President calls it back.

On foreign policy questions, the President probably faces even stiffer opposition than he encountered in 1947 and 1948 when the G. O. P.-controlled Congress was riding high.

Republicans seem convinced they won major election laurels on the basis of their attack on what Guy G. Gabrielson, the G. O. P. national chairman, has called "bungling" by the administration in handling foreign affairs—particularly in the Far East.

They can be expected to renew their attack on Secretary of State Dean Acheson, one of the prime targets for the Communist-in-government charges of Senator McCarthy (R) of Wisconsin.

President Truman probably could pull a lot of the Republican punch against his international program by firing Mr. Acheson. But Mr. Truman is a man noted for sticking by his appointive friends.

Mr. Acheson told a news conference yesterday he does not consider the election results a repudiation of U. S. foreign policy. He said he hopes and believes they will not have any effect on the conduct of foreign affairs.

Senator Taft (R) of Ohio, with the biggest mandate ever given him by Ohio voters, already has made it clear that the foreign military assistance program faces stiff inquiry. Senator Millikin (R) of Colorado, also an administration foreign policy critic, won by only a slightly smaller margin in Colorado.

Senator Wherry of Nebraska, the G. O. P. floor leader, will be encouraged by the election results to increase his critical fire on Truman foreign policy. Senator-elect Dirksen (R) of Illinois and Senator Capehart (R) of Indiana can be expected to join the chorus of criticism.

If Mr. Truman's foreign proposals are in bad shape, his domestic "Fair Deal" program is in even worse condition from a legislative standpoint.

The Brannan farm subsidy payment plan which he fostered turned up its frost-bitten toes even before the election when administration supporters began shying away from it.

One of the chief Senate backers of the President's compulsory health insurance plan was eliminated by the defeat of Senator Thomas (D) of Utah.

The revised line up of lawmakers in the new Congress may give short shrift to any presidential suggestion for major changes in the anti-subversives law. Its author, Senator McCarran (D) of Nevada is one of the handful of northern Democratic senators re-elected.

Any efforts to repeal what Mr. Truman has called the "union-busting" sections of the Taft-Hartley law apparently expired at the ballot boxes in Ohio with Mr. Taft's re-election.

But with all of his troubles, the President can expect a fairly unified front in Congress on one issue—the building up of American military forces to meet the threat of Communist aggression anywhere in the world.

Many Injured When Trains Hit In Indiana

No Deaths Reported After Open Switch Causes Collision

LOGANSPORT, Ind., Nov. 9 (UP) — A Pennsylvania Railroad passenger train hit an open switch and plowed into a switch engine today. Many persons were reported injured.

Police and railroad spokesmen said no one was killed.

Five trainmen and an undetermined number of passengers were taken to St. Joseph's Hospital with injuries.

The train was bound for Chicago from Cincinnati.

The accident occurred in the Logansport railroad yards.

The tender and cab on the switch engine were ripped apart and wreckage was strewn across four side tracks. The Diesel engine pulling the train, No. 237, left the rails and straddled the tracks. No coaches overturned.

Carl Reynolds, a railroad clerk working in the yards, said the collision sounded like "a muffled explosion". Taxicabs helped take injured to hospitals.

The Story Of A Texas Farmer

Surplus Bought For $6.89 Sold To U.S. For $63,000

WASHINGTON, Nov. 9 (AP)—The story of an east Texas farmer who bought $1,209,600 worth of surplus military equipment for only $6.89 and later sold it back to the government for $63,000 was brought to light today by the Senate defense investigating committee.

Senator Johnson (D) of Texas, committee chairman, declined to identify the purchaser by name. He did say the man was a naval officer in World War II and had made the bargain in the process of acquiring some $3,000 worth of surplus equipment for his farm.

Mr. Johnson himself was in Texas, but he released the story through his office here. It gave this account:

Checking over the government catalogue of surplus items, the farmer ran across a listing of aircraft computors. Guessing them to be small cardboard devices that could be used for calculating the land area of farms, he put in a bid of less than 5 cents each for 168 of them.

Learning his bid had been accepted, he asked surplus disposal authorities at San Antonio, Tex., to send them to him parcel post. They replied that such a delivery was impossible, the computors occupied about an acre of ground and they wished he would hurry up and call for them.

The puzzled purchaser then hurried to San Antonio to find out what kind of white elephant he had acquired. He found them to be brand new, complicated pieces of mechanism that had cost the government $7,200 each.

At a total cost of $4,000, he had them crated and shipped to his farm for storage. Then he notified Air Force procurement authorities to tell them what he possessed.

Officials from Wright Field in Dayton, O., hurried down to east Texas to see for themselves. They ended up by gladly paying the Navy veteran $63,000 for the lot.

Mr. Johnson quoted his excerpt

2 Children Hit By Cars In City

One Shaken Slightly, 2nd Suffers Bruises

A Taft School pupil was hit by a car Wednesday on St. Clair Ave. after she alighted from a bus.

Jane Bendheim, 6, daughter of Mr. and Mrs. Gordon Bendheim, of St. Clair Ave., was shaken when hit by an auto driven by Mrs. W. F. McWhorter, 1314 Riverview St. The auto was inbound from the city limits. The child was in school today.

A 13-year-old Chester girl was injured in a similar mishap Wednesday at 4:10 p. m. on Broadway.

Joy Raines, 13, daughter of Mrs. Jean Raines of Chester R. D. 2, was treated at City Hospital for brush burns on both ankles. The driver, Robert Atkins, 21, of 212 West Second St., reported he was passing a stopped bus when the girl stepped into the path of his car.

Another collision today at 7.45 a. m. on East Sixth St. damaged a 1951 sedan driven by Roland E. Webber, 27, of 827 Commerce St., Wellsville, and a 1941 model truck operated by Roy D. Allen, 19, of 236 West Fifth St., police said.

County Draft Board Asked For 48 More Men

LISBON, Nov. 9 (Special) — Columbiana County Draft Board 16 has received calls for 48 more inductees to be furnished this month.

This will raise to 73 the number ordered for November since 25 were sent Nov. 2.

It also received calls for 41 in December.

The board will furnish 25 men Wednesday and 23 on Nov. 27. In December, 24 will be forwarded the 4th and 17 on the 14th.

It also announced 52 county men will be called for pre-induction physicals Nov. 20.

Many Names Figure In Talk Of Presidency

Elections Reshuffle Deck Considerably; G.O.P. Eyes 9 Men

WASHINGTON, Nov. 9 (AP)—Tuesday's elections considerably reshuffled the deck of 1952 presidential and vice-presidential possibilities.

Republican victories in Ohio, New York, Pennsylvania, Illinois and California increased the stature of men who are likely either to be on the G.O.P. national ticket two years hence or have a big voice in the selections.

Conversely, Democratic defeats narrowed the 1952 field for their party by eliminating such prospects as Senators Lucas in Illinois, Myers in Pennsylvania and Tydings in Maryland and Governor Bowles in Connecticut.

The fact that the Republicans showed their greatest gains in the Midwest and Far West—putting back in the G.O.P. fold several states which were a big factor in President Truman's 1948 triumph —could prompt the minority party to go West for their 1952 ticket.

But the picking will not be easy. Members of both the Old Guard and more progressive wings of the G.O.P. made good showings in the mid-term elections and the 1952 convention might easily be another tug of war between the Dewey and Taft followers.

As of now, the Republicans can see at least nine men who could very likely be considered for either the presidential or vice-presidential nominations in 1952.

They are Governors Earl Warren of California and Thomas E. Dewey of New York, Senator Robert A. Taft of Ohio, Senator-elect James H. Duff of Pennsylvania, General Dwight D. Eisenhower, Senator Henry Cabot Lodge of Massachusetts, Senator-elect Everett M. Dirksen of Illinois, Harold E. Stassen and Paul G. Hoffman, former E.C.A. administrator.

School Bond Issue Passes In Yellow Creek

The Yellow Creek School District's $117,000 bond issue was approved in Tuesday's election, it was shown today in a re-check on the balloting.

Submitted to finance construction of a four-room school near Highlandtown, it received a 57.7 per cent affirmative vote. It required 55 per cent. The vote was 279 for and 204 against.

One precinct, Washington township in Salineville, was omitted in The Review's first tally. This precinct voted 64-20.

The issue was defeated when submitted at a special election in January.

Picket Lines Spring Up In Pay Dispute

Strike Threatens To Paralyze Entire Giant Bell System

NEW YORK, Nov. 9 (AP) — C.I.O. equipment workers struck the huge Bell telephone network from coast-to-coast today in a work stoppage that threatens to paralyze a major link in the nation's communications system.

The long-threatened walkout began at dawn on the east coast and spread gradually across the country as the 6 a. m. local time deadline passed.

The 33,000 strikers are members of the C.I.O. Communications Workers Union. Some 16,000 are employed by Western Electric Co., manufacturing and installing arm of the American Telephone & Telegraph Co.

A wage dispute touched off the walkout after the union rejected a proposed wage increase of 10 to 11½ cents an hour. The union asked a "substantial boost".

The remaining strikers are employed by the Michigan Bell Telephone Co., involved in a separate wage dispute with the company.

Within five minutes after the walkout, the strikers stationed picket lines around exchanges from coast to coast—a maneuver designed to keep nearly 300,000 fellow union members, including operators, away from their jobs.

Following instructions from their union, most of the non-striking employees refused to pass through the lines.

The strike struck first at the key American Telephone & Telegraph Building in New York City. A handful of employees braved the picket lines there, but others, including a union-estimated 2,700 long-distance operators, refused to pass through. The building handles an average of 73,000 long-distance calls daily. A Western Electric spokesman said there were no reports of impaired service.

Pickets also ringed exchanges in Philadelphia, Detroit, Washington, Chicago, Des Moines, Kansas City and then on the west coasts.

In Little Rock, Ark., Southwestern Bell obtained an injunction which forced removal of pickets from the exchange building there. They also were withdrawn in Memphis for an unexplained reason.

Services in manually-operated exchanges was slowed in many areas. In New Jersey, most manually-operated calls are being restricted to emergencies only.

Company officials manned the longdistance boards in Minneapolis after all except a sprinkling of workers refused to cross picket lines. In that city, and in neighboring St. Paul, the company used recordings to announce to its subscribers that emergency calls only could be handled.

Some long-distance service is on an emergency basis in St. Louis and Kansas City.

As the walkout reached the west coast, Seattle's 200 striking equipment workers also began picketing. The city has 7,000 other C.W.A. members who had been instructed to respect the picket lines.

In Akron, pickets blocked two entrances to the telephone building, but some employees were escorted through the lines by police. The window of a company car was broken but no one was hurt.

City Phone Exchange Unaffected By Strike

Officials of the East Liverpool Exchange of the Ohio Bell Telephone Co. said today the strike of Western Electric Co. equipment employees in several major cities has not affected local service.

At mid-morning, long-distance calls to Cincinnati, New York, Detroit and Boston were restricted and only emergency service could be handled.

There was no interruption so far to Hookstown, Salem, Pittsburgh, Cleveland, Steubenville, Canton and Youngstown. However, the strike was spreading, phone officials said.

Ohio Election Raises Many Key Questions

Plans Of Taft And Lausche For 1952 Stir New Speculation

(Continued from Page One)

Senator John W. Bricker, a Republican, would be a softer touch than the matter-of-fact Mr. Taft.

Then, there's another school of thought. In this speculative body it is popular to assume that Mr. Lausche will be considered seriously for the Democratic vice-presidential nomination in 1952. These pundits do not say what is to become of the present vice-president, Alben W. Barkley.

And what of the future of Joseph T. Ferguson, the bouncy state auditor who bulldogged his way to the Democratic nomination in the face of original labor opposition"

How will his amazing loss to Mr. Taft affect his vote-getting as state auditor? He comes up for re-election in 1952 after 14 years of consecutive auditing.

And, what of Mr. Ebright, the Republican who threw up almost certain re-election as state treasurer to gamble his future against Mr. Lausche"

Will Mr. Ebright run in 1952 for the office he failed to get in 1950" Or will C. William O'Neill of Marietta, the young Republican who took over the attorney generalship Tuesday, move up to the state's top nomination"

Observers already are touting Mr. O'Neill for the job in 1952.

No one has the answers, of course. All they can do is gaze at the facts of Tuesday's election and ponder.

Here are the facts they look at

▶U. S. senator—Taft 2,642,537; Ferguson 1,211,658

▶Governor—Lausche 1,514,590; Ebright 1,386,438

▶Lieutenant governor—Nye (D) 1,354,157; J. Eugene Roberts (R) 1,322,532.

▶Secretary of state—Charles F Sweeney (D) 1,388,410; Ted W. Brown (R) 1,341,695.

▶Treasurer — Frank M. Quinn (D) 1,204,045; Roger W. Tracy (R) 1,441,565.

▶Attorney general—Herbert S. Duffy (D) 1,249,323; C. William O'Neill (R) 1,404,019.

▶Congress-at-large — Stephen M. Young (D) 1,238,347; George H. Bender (R) 1,433,933.

Republicans won the following seats to Congress:

First District—Charles H. Elston, Cincinnati; Second, William E. Hess, Cincinnati; Fourth, William M. McCullouch, Piqua; Fifth, Cliff Clevenger, Bryan; Seventh, Clarence J. Brown, Blanchester; Eighth, Jackson Betts, Findlay; 10th, Thomas A. Jenkins, Ironton; 11th, Walter E. Brehm, Millersport; 12th, John M. Vorys, Columbus; 13th, Alvin F. Redheads Have Rhythm As Well As Hot Temper

SYDNEY, Australia (UP) — Rhythm and redheads go together, says dance teacher Robert Scudder.

Mr. Scudder, of Perth, West Australia, says: "In my 20 years of dance teaching I always found redheads have just that little extra over other girls."

He has 15 red haired instructors on his staff. However, he adds, redheads also have the worst tempers.

Walking On Gold Gets Man Into Trouble

LOUISVILLE, Ky. (UP)—There was more to a wooden leg than met the eye, Detective Gene Scannell decided.

So he unscrewed the peg leg worn by Charles A. Moody and found $384 in gold-backed bills and gold coins hidden in the socket. Moody admitted taking the money from his employer, Scannel said.

Authorities are still wondering why the money was not exchanged for standard currency.

Couple's Small City Lot Bears Like Big Farm

PORTALES, N. M. — Sam McCarson believes in making the most of his 50-foot city lot.

In his backyard, Mr. McCarson has a garden of tomatoes, okra, corn and other vegetables, seven cherry trees, a peach tree a blackberry bush, a grapevine and a patch of strawberries. He also has a small chicken pen where he raises fryers. Mrs. McCarson cans the fruit, and she has already preserved a year's supply of peaches, cherries and grape jelly. They also have 40 dressed fryers in cold storage.

The McCarson garden still has room for lots of flowers.

How About A Fair Deal For ALL The People?

WE WOULDN'T KNOW how the world looks from the afterdeck of the good ship Williamsburg, on which President Truman is taking a small rest. Perhaps everything that happened Tuesday is part of the fortunes of politics. Perhaps you adjust your smile, and fix your mind on 1952. Maybe that's the way to handle these things.

But, to us, there is a plain message to Harry Truman in Tuesday's voting. It amounts to saying, "Mr. President, let's quit fiddling around with socialism, and get back to running the country for the benefit of all the people—not just the minorities with the loudest voices."

Members of Congress certainly will take their cue from the election returns, not only in Ohio, but in the other states which rebuked the Democrats. Republican gains in the House and Senate are less important in this respect than the defeat of such party stalwarts as Tydings in Maryland, Myers in Pennsylvania, Lucas in Illinois, Helen Douglas in California, and Thomas in Utah.

These people were swept out of power by a landslide of public opinion against the Truman administration. Voters were resentful of the administration's handling of foreign policy, its sympathy for creeping socialism, and its exploitation of everything that promises to make votes in its favor.

It is time to concentrate on doing what is good for the country and to ease upon doing what is good for the political coalition headed up by Harry Truman. National survival comes first.

Whatever hurt feelings and shattered pride the campaigns caused should be bound up tenderly and hastened toward healing. America now has something vastly more important than politics to think about. The good impulse of generous natures to forgive and forget should be encouraged to rule.

This country is at war—the undeclared kind of war which lately was being called a cold war, and now is not cold any more. The people who will be carrying on the war are not partisan to anything except the security of the United States. Because it is total war, that means everybody.

President Truman would do a heroic thing if he could find it in his nature to make a broadly conciliatory statement about the state of domestic politics as a prelude to the presidential decisions he must make in the near future.

His countrymen are ready for something like this. They have had an overdose of politics. They want to settle down now to the responsibility of defending themselves and their Allies against the Communist conspiracy in a spirit of co-operation. Mr. Truman, by virtue of his position as chief executive, could define the terms of co-operation if he chose to be as generous as he needs to be under the circumstances.

Too Many Rejections?

THAT well-known and badly-battered bogey about the inability of U.S. manhood to meet Selective Service requirements is being dangled again before the eyes of the public. Rejections, it is reported, are running higher than 36 per cent.

The idea, of course, is to convince the gullible that medical care is so spotty and inadequate that the government must set up socialized medicine immediately to man the forts. It is an old gag, worn out during World War II but still not subject to burial under the statute of limitations.

The fact is, as all military officers and doctors know, that draft rejections are hgher than they need to be. Provisions in the Selective Service Act should be changed. The United States is forced to turn down many men because of physical "defects" which would not be given a second thought in other countries.

W. T. Holliday, Man Of Ideas

THE DEATH of W. T. Holliday of Cleveland, board chairman of Standard Oil of Ohio and its president from 1928 to 1949, is mourned most by the employees of that eminently successful company.

But they share their appreciation of this able man of ideas with a vast public. In Ohio and in the United States, his originality and his pioneering courage sparked the concept of the modern service station. Every motorist has benefitted by his ideas.

Even so vast a business as he headed could not use up all his driving force. He helped to improve his home city. He projected his imagination and faith into many projects—better schools; and for the last few years he had been active in the movement for a world government limited to the prevention of war. Ohio has lost one of its finest citizens.

The first Ohioan to be elected president of the United States was William Henry Harrison in 1840.

A horsepower represents the power required to lift 33,000 pounds one foot in one minute, or 550 pounds one foot in one second.

Behind The News

By George Sokolsky

Religion As A Military Arm

CZARIST RUSSIA used the orthodox church as an arm of government. It was a national church, at the head of which stood the czar.

The church itself was not directed by its ecclesiastical authority but by a civilian official the procurator of the holy synod. This developed into a vast propagandistic arm of the Russian government for the spread of panslavism, the concept that the Slavic races have a special destiny and ultimately will rule the world.

Bolsheviks and other revolutionary groups hated the orthodox church as they hate all religions of God, whatever their concept of the supernatural. In Lenin's time, the "Society of the Godless" was unremitting in its persecutions, but Stalin, who has studied to be a priest, recognized that the church could be useful to him.

The orthodox church was revived as an organ of the state and again was developed as an agent of Red Pan-Slavism in the countries where the populations is predominantly slavic.

Meanwhile, the Roman Catholic, Jewish and Moslem religions are being persecuted, not so much for their religious concepts as for their international relationships, which the Stalinists call "cosmopolitanism", that is, an association with non-Communists.

—:—

FOR INSTANCE, the arrest of Cardinal Mindszenty in Hungary was a political act, designed not only to break the back of the Roman Catholic Church in Hungary but to crush the relationship to Rome. In each of their countries, the Russians are developing, with great success, a national Catholic church; that is, a Catholic church which follows the rites and rituals of Roman Catholicsim but has not affiliation with Rome.

These are not protestant or schismatic churches; they are branches torn from the tree by the strong arm of the state. Such churches are subordinated to the government.

By outlawing Zionism and rejecting Hebrew as a language, by discouraging the existance of synagogues and Yeshivas, Judaism is being strangled in communist countries.

Judaism does not lend itself to a controllable national church. It is a religion of the individual, communally associated but not dominated. The Jews have no religious hierarchy. The rabbi is a teacher, not a priest. Anyone can perform religious services. And some of the most emotionally satisfying are in the home rather than in the synagogue, as for instance, the Passover service.

Therefore, the Jewish synagogue is of no value as an instrument of power and is persecuted. Even Ana Pauker of Romania, herself a Jewess, whose father is reported to be in Israel, is a persecutor of the Jews.

—:—

NOW THAT the Russian Empire is moving into Tibet (and will probably be in control when this is printed), the manipulation of Buddhism in its Lamaistic form becomes increasingly important to Stalin. The spiritual headship of Lamaism is vested in the Dalai Lama, the reincarnation of a Bodhisat. The Panchen Lama has for centuries has been a competitor for authority. The Panchen Tashi Lama is also a reincarnation of a Bodhisat.

A Bodhisat is a holy or wise man who has not yet completed the enlightenment of Buddahood, but is on his way toward that goal of perfection.

It is a long story to describe the differences between the Dalai Lama, whose court is in the great monastery of Lhasa, and the Panchen Lama, whose monastery is at Tashi Lunpo.

Suffice it to say here that both are revered by millions of Tibetans, Mongols and Chinese. Their moral influence extends not over all Buddhists, but over those who accept its Lamaistic form.

In recent years, the Dalai Lama looked toward India for friendship and support, while the Panchen Lama tended to be closer to China. I actually met and conversed with the predecessor of the present Panchen Lama when he was in Shanghai. He was there seeking an alliance against the Dalai Lama and the Indian government.

It is the Panchen Lama who is now associating himself with the Soviet system. This gives to Russian imperialism the leverage of another church, one that is widely influential in Mongolia and China and even among some of the tribesmen lying on the borders of India and China.

The political advantage of this relationship is obviously significant in lands where resistance to the dialectical materialism of Marxism can be overcome by control of those who are devoted to the doctrine of Karma. The Panchen Lama thus becomes a tool of the empire.

Story-Tellers

By Truman Twill

AS EVERYONE who has tried to tell stories should know (and who hasn't tried?)—there is a trick to story-telling.

Bennett Cerf, who makes a living by collecting the good stories he hears and retelling them, is out with a book on the subject.

He warns story-tellers not to do all of the things commonly known to put the blight on stories. But we will keep on doing them. That is because of a bad story-teller never knows it. He finds himself amusing and that is all he cares about. He cannot put himself in the listener's place, which is why he is not a good story-teller.

Story-tellers will continue to be long-winded with stories that should be snapped off sharply, despite Cerf's warnings. They will get so wrapped up in the telling of stories that they will go blank and forget how to finish them. And they will laugh at their own stories, which is fatal.

They will forget they told the same story to the same people a week ago. They will build up stories they are about to tell in advance, thereby putting listeners on the defensive.

They will tell dirty stories in clean places, clean stories in dirty places and they will tell stories which are unfunny to their listeners because they concern something that gets under the listeners' skins.

They will know "another version". They will tell stories which tickled them for a special reason, forgetting that the listeners have no special reason. And they will crab their stories by telling in advance what the stories are about; that is murder.

Everyone wants to be a story teller and almost everyone believes he is. But only a few are born with the knack. A few more acquire it by sharp observation and patient practice. All the rest of us would be well-advised to stick to listening.

There would be, after all, no story-tellers without listeners and no stories worth telling without laughter. The tellers themselves are too busy being reminded of the next one they are about to tell to laugh at a competitor's efforts.

Bennett Cerf cannot be expected to hurt the sale of his book by saying so, but not more than two out of a hundred persons who try to tell stories are any good at it. Chances are if you have the good luck to hear the rarity who does know how, his stories will have been killed in advance by all the others who only thought they knew how. That's like the one about the sailor who went into the . . .

Stop me, somebody — whether you've heard it or not. Next time you run across a story-teller, ask him about the sailor . . . etc.

Just What They Hear

By Mark Sullivan

ACCOMPANYING THE tragedy of developments in China, and the grim need imposed on us to stiffen our backs to meet them, is a poignant sadness.

It lies in the spectacle of the Chinese people, as a people, being led to hate us; the blaring of propaganda from an agency under control of the Communist Chinese government, telling the people that we are "imperialists" bent upon conquering them, urging them to "undertake the sacred task of resisting America" and "protecting their homes and defending their country".

Rarely, even in Communist mendacity, was such violation of truth. For generations, the policy of our government and the feeling of our people was friendship for China, understood and reciprocated by the Chinese people.

A concrete and essential part of our long friendship was sustained refusal by us to take part in imperialist seizures of Chinese territory practiced by other foreign governments—refusal, that is, to do just what the Communist propaganda now accuses us of intending.

Not only did we refuse to take part in the seizures by other governments, we discountenanced and opposed them. A large part of the cause that led Japan to attack us at Pearl Harbor and involved us in the second world war was our opposition to Japan's aggression in China.

That communism is now able to din the false charge of imperialism into the ears of the Chinese people is an incident of a larger tragedy, the taking over of China by communism.

In China now, as everywhere, the Communist heads control the sources and channels of public information and use them to make the people believe what the Communist heads want them to believe.

Here's The Main Job

Some Vital Questions On Steel

By David Lawrence

EVERYBODY would like to have more steel at this time—but will the demand continue and is there a justification for a 120-million-ton annual capacity?

This very question has been tackled openly for the first time by the secretary of commerce, Charles Sawyer, who raises the pertinent issue as to when the extra capacity is needed.

Mr. Sawyer revealed that the nation can have a 120-million-ton capacity by 1954 and 110-million-ton by 1952 if the present commitment for expansion by four million extra tonnage annually is maintained.

On this all-important problem, which directly or indirectly affects defense production as well as manufacturing in many lines of business, the secretary disclosed quite informally the crux of the difficulty as he responded to a question-and-answer interview in U.S. News & World Report, copyrighted by that weekly news magazine. He said:

"I want to make it very clear that I am on the side of those who believe strongly that we should have an increase in steel capacity. As a matter of fact, the day William Henry Harrison was sworn in as administrator of the National Production Authority, I had called in the steel people and asked them to give me a statement as to what they were prepared to do in the way of increasing their steel capacity. As a result of that, they did give me a commitment of more than nine million tons by the end of 1952.

—:—

"THERE'S BEEN some comment that that wasn't enough. It is not enough for the future. However, some people fail to take into consideration an important element—the element of time. They say we ought to have a capacity of 120 million tons, but they don't say 'when'.

"It's proper to point out that if this increase in capacity of more than four million tons a year—and I think it will be even greater than indicated—if that's maintained, in five years we'll have 120 million tons' capacity. In other words, we're to have 110 million, by the end of 1952. So for those who say we must have 120 million, the question is when? Do you want us to have 120 million at the end of 1952 or do you want it at the end of 1954? If we're to get 120 million at the end of 1952, we must face the problem, first, as to what disruption will occur to our present process, and also whether, if we have that capacity, we will have an equal supply of manganese or ore boats — other things that go into the final process of making steel. I don't want the Commerce Department to be under any imputation of trying to hold down capacity when our desire is exactly the opposite."

The dilemma, to be sure, isn't a bit different than it has been all along whenever the question of expansion of steel capacity has been raised by the government.

How much steel shall be used up in making new plants and how much manpower can be subtracted from regular requirements in order to build the expanding plants? It's a case of not being able to have the cake and eat it, too.

Much more fundamental is the question of the impact on the economy for years to come. If a 120-million-ton capacity is to be the normal maximum instead of 90 million, as it was until recent years, then what happens when capacity is idle and yet interest and other charges must be met on sums borrowed to pay the prevailing high costs of construction?

To build a plant today costs ever so much more than it did a decade ago. Yet the price of steel cannot be brought down materially if demand falls because there must be some way to cover the costs of the expanded plants.

—:—

THE ISSUES raised by idle capacity are brushed aside by some government officials as emanating from fear of recession—as if American producers must become Pollyannas and never think about the possibility of a drop in steel capacity.

Unfortunately, those with a responsibility to creditors who have furnished borrowed money for bond issues or to stockholders for their equity money want to know that there is some solicitude about building excess capacity which in some future time will become idle.

How long will the war emergency last? How long will the inflation be maintained? And how long will automobile production be unrestricted?

All these questions, if answered, could have a bearing on whether America in some years will see its steel plants with a demand of only 72 million tons and idle capacity of 48 million tons. That's about a 60 per cent operation ratio—which could be far below the break-even point for many companies.

Capital Social Whirl

By Jane Eads

WASHINGTON

THE CAPITAL'S glittering merry-go-round has been given a new spin and the 1950-51 season is under way. High lighting the opening festivities was a round of parties honoring the military chiefs who came here from many lands to attend the North Atlantic Treaty Organization meetings. Ranking shindig was a resplendent reception given by General Omar N. Bradley, chairman of the U. S. joint chiefs of staff, and Mrs. Bradley at Quarters No. 1, the Bradleys' redbrick Victorian residence at near by Fort Myer, Va.

Colonel Anthony J. Drexel Biddle of the Army's foreign liaison section, standing in line with the Bradleys in the living room, made the introductions. Chrysanthemums bloomed all over the place. The food was good and bars set up in the oval dining room and on the porches operated at full speed.

Receptions, dinners, cocktail parties and luncheons were given by various embassies honoring their counrty's defense chiefs. A stag dinner was given for them by General George C. Marshall, secretary of defense, at the Pentagon. In addition to parties for the "brass" was the sparkling opening night of the National Symphony Orchestra's 20th season at Constitution Hall—very gay, festive and full-dress.

As usual, many dinners preceded and supper parties followed the concert. The Brazilian ambassador, Mauricio Nabuco, entertained his countrywoman, Guiomar Novaes, who was the evening's piano soloist.

With the White House still under repairs, the town's "official" season will not be opened in the mid-year as is customary by the President and first lady's receptions and dinners. Mrs. Truman will entertain at a few informal teas during the winter at Blair House.

Analysis Of The Election

THE ELECTION results are in and turned out as this column expected, with the sound trucks in a tie for first, most of the billboard advertising a waste and few candidates under arrest despite all the criminal charges made during the campaign. These facts seem apparent: The revelation that Harry Truman naps in his underwear had no marked influence on the voters; the Notre Dame football team should be rehabilitated with or without Marshall aid; the attempt to link Costello and Lucky Lucciano with the invasion of Tibet left the voters cold.

Results in the East were a triumph for the two-platoon system in party campaigns and showed the growing desire of the people for less work, more pay, the abolition of income taxes, greater social security, more playgrounds for adults, a heavier meat content in hamburgers and the occasional use in public eating places of catchup bottle with some catchup in it. Mrs. Roosevelt's several radio programs did not seem to have had much effect, one way or the other.

—:—

THE RETREAT of Branch Rickey from Brooklyn swayed a few voters. In New York City, the electorate came out for a thorough probe of the Haymarket Riots, cheaper seats at musical comedies and a free hand for the Rough Riders in Cuba.

It is clear from a study of the New England returns that book censorship in Boston helped the winners and that Connecticut is divided widely over whether the 1950 cider crop is anybody's fault. The use of "funnies" by Chet Bowles, Senator MacMahon and Bill Benton caused many abstentions. Vermont ignored the Formosa issue. In the Midwest, there was a well-defined trend against the two-decker taxicab, radios in public busses, larger walnuts on nutcakes, icebox commercials and Jack Benny's leap into television. The Midwest plainly wants the full dinner pail on breakfast menus. Results from the western states indicated that there is rising feeling against new homes with the second floors missing. California made it clear that it still has many voters who want the word "Oleo" plainly stamped on the U.S. dollar in large letters. They also desire federal distribution of white-wall tires, the $100-per-person play week and a plain answer from Jimmy Roosevelt to the question: "Are you better off than you were last year?"

—:—

NEITHER IN the South nor anywhere else was there a definite trend of opinion on Second Manassas, Custer's Last Stand, Howdy Doody, or conditions in Lhasa. The over-all picture seemed to reflect a firm belief that this country's great need is better pitching. One inescapable conclusion is that there must be new styling of voting machines if they are to have the required appeal to the young.

Use of the old models year after year is keeping many away from the polls. They must have gayer colors, more gingerbread and emphasis on leg room and body comfort. We have allowed the electric icebox, the auto and the juke box to eclipse the voting machine in glamour. If America hopes to get out the voters it must streamline the voting machine, install neon lights and arrange for coin slots and a jackpot.

ALL CLEAR!

The tumult and the shouting die,
I hear no rasping voices rude,
The radio's not shrill and high,
Election's over, I conclude!

Voting Cheers Democrats In West Virginia

Discouraged G.O.P. Looks To Party's Victories Elsewhere

CHARLESTON, W. Va., Nov. 9 (AP)—Discouraged West Virginia Republicans looked today to G. O. P. successes elsewhere in the nation in Tuesday's elections as a sign of hope for the future.

Democrats, meanwhile, totaled the results of the heavy off-year balloting in the mountain state and found they had:

►Retained their monopoly of the state's six seats in the House of Representatives by re-electing all six Democratic congressmen Their margins of victory ranged from 3,000 to nearly 30,000.

►Returned three Democratic incumbents to office to fill unexpired terms in the only statewide offices at stake The three are Attorney General William C. Marland, Treasurer William H. Ansell Jr. and Supreme Court Judge Leslie E. Given, all originally appointed by Governor Patteson to fill vacancies

►Gained three seats in the state Senate, making their margin of control 23-9, compared to 20-12 in the 1949 session.

►Retained control of the House of Delegates, although—surprisingly in view of results of voting for other offices—suffering a net loss of 11 seats Democrats will control the 1951 House 67-27, compared to their 78-16 margin in 1949.

Voters Tuesday also passed by majorities of better than 2 to 1 constitutional amendments providing:

►A 90-million-dollar bonus for West Virginia veterans of both world wars

►Greater latitude for counties in voting bond issues to finance school construction

Defeated was a third proposed constitutional amendment, to double the pay of members of the state legislature.

Republican National Committeeman Walter S Hallanan of Charleston sounded a hopeful note for members of his party. He said

"A lot of political machines cracked up all over the country yesterday, including New York and Chicago. West Virginia's Democratic political dynasty will follow the same course in due time."

He added that state Republicans need not "feel ashamed of the showing made yesterday against the overwhelming odds of the money used against them and the tremendous pay roll which has been fastened upon the taxpayers of this state".

Fingernail Test Advised

KENT, O.—Householders should use the "fingernail test" to distinguish between various kinds of fire wood, advises Martin L. Davey Jr., tree expert. The highest heat value is reflected when the wood cannot be dented with the fingernail, meaning its hard and heavy. Moderate heat is predictable when wood can be dented lightly. Light and soft wood, not particularly good in last heat value, dents easily.

Nature Is Wonderful

KALAMAZOO, Mich. — When a mouse ran across Mrs. W. W. Litter's lap, she didn't have time to be frightened. The mouse was being chased by a rattlesnake. She drove the snake into a crack in the floor with a broom and turned around to find that the mouse had given birth to twins.

Pravda Offers Own Version Of U.S. Voting

Marcantonio Defeat Lamented; Europe Fears Brake On Aid

By The Associated Press

In its first comment on the U. S. elections, Pravda declared today that the new American Congress will differ but little from the old one, since the Democrats and Republicans are equally reactionary.

The Communist party newspaper reported the defeat of American Labor party congressman Vito Marcantonio of New York City, but claimed he received more votes this year than in 1948. It asserted that Mr. Marcantonio, whom it described as the "only progressive member of Congress", was defeated because of a three-party coalition opposing him.

(Mr. Marcantonio actually dropped almost 1,000 votes, polling 35,385 this year compared with 36,278 in 1948.)

The paper said there was a poor turnout at the polls and a characteristic apathy among the voters.

(The estimated 40,000,000 ballots cast this year set a record high for an off-year election.)

Pravda declared that the small turnout of voters is "evidence of the indifferent attitude of the broad masses of American people to the results of the elections which were competition between two equally reactionary bourgeois parties—the Democrat and Republican".

Elsewhere in Europe, the press interpreted the election outcome as spelling less American interest in European welfare and less financial aid for the continent.

The London Daily Express commented: "There will certainly be a sterner insistence that the European nations should show much more convincing proofs of self-help in self-defense. The balance of American interest may swing further away from Europe towards the far west."

Said the Financial Times: "With more powerful Republican opposition, it is probable the scale of aid to Europe will be less generous."

The Daily Mail commented that President Truman "certainly will be under pressure to reduce dollar assistance to other countries".

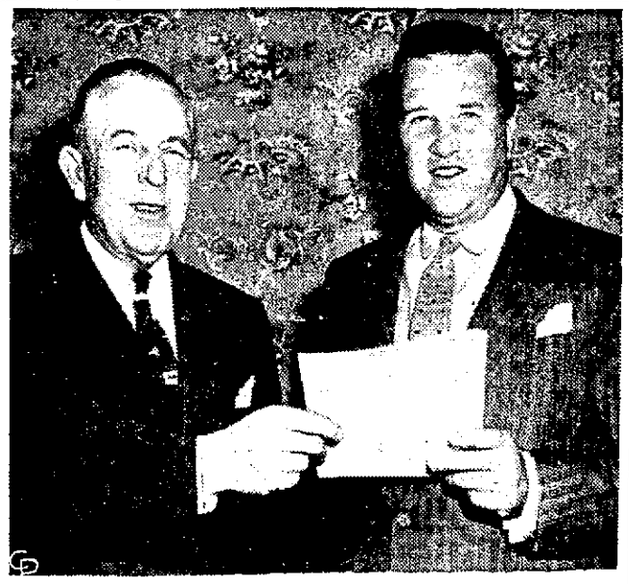
Two newspapers in Paris declared the election indicated a revival of isolationist sentiment toward Europe.

L'aube, organ of the Catholic Popular Republican Movement (MRP), commented that traditional isolation is dead, but on the other hand "traditional reflexes are very much alive and are manifesting themselves in new forms at a moment when superficial observers least expect them".

The left-wing Franc-Tireur called the elections a "success of certain isolationism as far as Europe is concerned".

In Germany, the Frankfurter Rundschau said the emphasis of U. S. foreign policy may be shifted from Europe to Asia as a result of the election.

The pro-western press in Berlin viewed the election results as public support for President Truman's foreign policy.



HOFFMAN HEADS FORD FOUNDATION. Paul G. Hoffman (left), former E.C.A. head, smiles with Henry Ford II, chairman of trustees of the Ford Foundation, in New York after announcement that Mr. Hoffman will be the first president of the new foundation, which is pledged to spend 238 million dollars to advance human welfare and world peace. Mr. Hoffman's salary as head of the foundation is $75,000 a year.

Eisenhower Sees Return To Europe

FORT WORTH, Tex., Nov. 9 (AP)—General Dwight D. Eisenhower says he sees a chance of his returning soon to Europe—again in a military role.

"I may possibly be in Europe soon," he said yesterday, "for whatever military duty that might be in store for me."

In a news conference and in later statements, the World War II commander of Allied forces in Europe caused another stir over whether he is going back as commander of western European defense forces.

But he said he has "no positive word" concerning any future duties.

The general said: "There has been considerable speculation in the papers about the job I may be taking over there. I can only repeat what I have said before, I'm a soldier and I'll serve wherever I am asked to serve."

The Columbia University president, starting a four-day tour of Texas, arrived from Chicago about 1 p. m. to visit old friends here—Publisher Amon Carter and Oil Man Sid Richardson.

West Pointer Does Bit To Swell Army Ranks

LOUISVILLE, Ky. (UP)—Two sons of Shulie Johnson, both born while he taught at West Point, have joined the Army.

Jack joined last October and already has been promoted three grades.

Bill enlisted this month and hopes to make the field artillery his future, as does his older brother.

Still one more child remains to give Mr. Johnson another possibility for some branch of the service—3-year-old Nancy Jane.

Personal

To Women With Nagging Backache

As we get older, stress and strain, overexertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Warns Of Regimentation By Government

Don't Give Up Freedoms, Eisenhower Tells People

COLLEGE STATION, Tex., Nov. 9 (AP)—General Dwight D. Eisenhower warned today against gradual surrender of freedoms to the federal government.

"The central struggle of our times," said the wartime supreme Allied commander in Europe, "is that of freedom against regimentation."

His address was prepared for the inauguration today of Dr. M. T. Harrington as president of Texas A. & M. College here.

"In this country, we need not fear a Mussolini or a Hitler," said the general, now president of Columbia University. "Nor need we fear a Lenin.

"But one thing we must fear—decay of our freedom through our own neglect. A Mussolini, Hitler or Lenin would not tolerate freedom of the ballot, yet half our people do not choose to exercise it. No dictator would permit free assembly of citizens to discuss public questions, yet how many of us exercise our right—and obligation—to scrutinize and debate proposed legislation?

"Despotism, whatever its guise, develops when men, losing faith in themselves, surrender bit by bit their own responsibilities to a general authority."

General Eisenhower expressed confidence "America's moral, intellectual and material resources are more than equal" to "the external threat against America's freedoms". He said the source of this external threat "is clear and the destructive purpose unmistakable".

He said he has no fear Americans will respond to dangers of which they are fully aware and which they understand. The danger, he said, "is that the cares of daily life can blind them to a creeping peril".

"Voluntary association among men involves voluntary abdication of some individual freedom, the acceptance of some subordination to the will of the majority or the decisions of the leader," General Eisenhower said. "Each individual may give up only a minute bit of personal liberty, but the total adds up to partial mastery over the group for anyone who wants to grab it.

"By every step we take toward making the state the caretaker of our lives, by that much we move toward making the state our master.

"In the complexity of our industrial civilization, however, how can the average man know sharply and clearly his responsibility? How can he draw a clearer dividing line between necessary group co-operation and selfish banding together?"

The answer, he said, must be supplied by "the great American educational system—every grade school, every high school, every college and every university". Only in the schools, General Eisenhower said, can absence of partisanship and exactitude of knowledge clarify individual responsibilities.

LOCKED IN THE BATHROOM. Fire Department Captain James Kane lifts 2-year-old Tim Thompson through the bathroom window of his home in Pasadena, Calif., after Tim locked himself in and decided on a cold bath to combat 102-degree temperature. Tim couldn't unlock the door when his frantic mother tried to get him out. Policeman Ike Frakes (right) climbed in the window and handed the boy out.

Japan's Shigemitsu To Be Paroled Nov. 21

TOKYO, Nov. 9 (AP) — Japan's wartime foreign minister, Mamoru Shigemitsu, will be the first major Japanese war criminal to win parole.

The legal section of the supreme Allied command in the Pacific said yesterday that Shigemitsu, in custody since April 29, 1946, will be released Nov. 21 from Suugmo prison, where his rating as a prisoner was "superior".

Shigemitus was sentenced in November, 1948, to serve seven years, the lightest sentence given any major Japanese war criminal.

Grotewohl Again Heads East German Red Rule

BERLIN, Nov. 9 (AP)—Communist Minister Otto Grotewohl was chosen unanimously by the new Soviet zone parliament yesterday to head East Germany's government for the next four years.

Four hundred deputies, including many blue-shirted girls from the Communist Free German Youth, neither dissented nor abstained on any question.

The parliament was chosen in a one-ticket election Oct. 15 Grotewohl's new cabinet will be presented to parliament for endorsement next Wednesday.

Reams Victor As Independent

TOLEDO, Nov. 9 (AP)—Ohio's delegation in the next Congress will include an independent with a background of 30 years as a staunch Democrat.

He is Frazier Reams, 53, Toledo attorney, former state welfare director under Democrat Governor Frank J. Lausche and Ohio campaign manager for Franklin D. Roosevelt in 1936.

Mr. Reams polled 51,280 votes Tuesday in complete unofficial returns from the Ninth District in northwestern Ohio. Representative Thomas H. Burke, Democrat incumbent and a C.I.O. member, got 43,185 votes and Republican Homer A. Ramey, former congressman, 43,185, in the three-man race.

Mr. Reams ran as an independent after claiming county Democrat leaders knuckled under to Richard T. Gosser, strong man of the C.I.O. United Auto Workers union in the Toledo area. He accused Mr. Burke of being a Gosser tool and said Mr. Ramey was "nothing more than a cipher" in Congress.

Mr. Roosevelt appointed Mr. Reams Toledo district collector of internal revenue after his election as president. Mr. Reams ran for governor in the 1946 Democrat primary. He is a native of Tennessee.

NINA WARREN
Still smiles despite polio.

Nina's Cheerful As She Gains In Battle With Polio

SACRAMENTO, Calif., Nov. 9 (AP)—Nina Warren, daughter of California's only three-time governor, appears to be beating her polio affliction.

The courageous 17-year-old daughter of Governor and Mrs. Earl Warren responded remarkably. She is paralyzed from the hips down.

She was hospitalized Tuesday morning. That brought the Warrens racing here in tears and canceled his plans for a heavy election night program in San Francisco.

It turned his day of greatest political triumph into his saddest.

Four specialists, including the best polio experts in California, reported:

"Nina's temperature dropped Wednesday in a heartening manner and we are pleased. There has been no extension of trouble and she is radiating her usual happy disposition."

Earlier, Dr. Junius B. Harris, spokesman for the four physicians, had cautioned against undue optimism, saying: "it is a dangerous disease and can change suddenly."

Yesterday, Nina was given serum flown from Chicago. The serum is expected to arrest spread of the disease, but does not cure.

Mr. Warren canceled all political dates—and made no new ones.

Nina presumably contracted polio at McClatchy High School, where only Friday night she was a bouncing cheer leader. The school has had five cases of polio in two months.

Three other Warren children who were exposed to the polio germ through their sister's affliction are in semi-isolation at the governor's mansion. They are Earl Jr., and Dorothy, students at the University of California College of Agriculture at Davis, and Bobby, a student at McClachy High.

Chester High School Science Club Elects

Officers were elected at a meeting of the Chester High School Bi Phi Chi Science Club Tuesday afternoon at Tomlinson Run Park.

Frances Winder was named president; Bruce Hulse, vice-president; Cynthia Boyce, secretary-treasurer, and Bud Driehorst, reporter.

New members were initiated at the meeting, which featured soccer, softball and other games. Refreshments were served by William Conkle, sponsor.

The club will meet Dec. 14.

how does "full-bodied" taste?

Taste Burkhardt's and you'll know

Full-bodied flavor is hard to describe in words, but it's one thing Burkhardt's is noted for.

It starts with our rule against skimping on the wholesome foods that go to make good beer.

Also important is the way these foods are handled. Take malt, for instance A good comparison is the way coffee is bought for your home—drip grind, percolator grind or unground if you want to grind it yourself for the finest possible flavor.

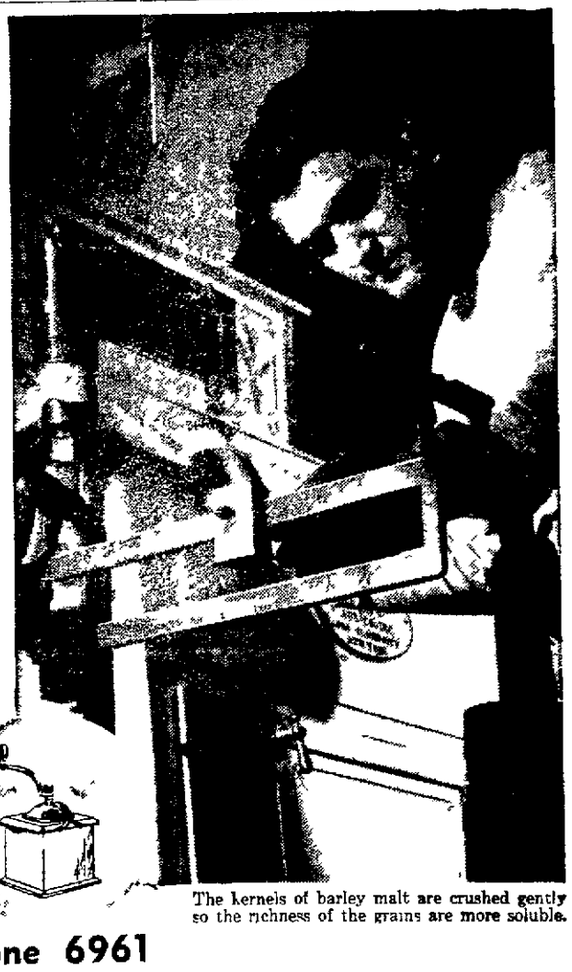
To help you get the finest possible flavor in Burkhardt's, we grind the malt less than ten minutes before it goes into the brew. It's so fresh that the air around the malt mill is laden with the rich aroma of the finest malt money can buy.

Full-bodied flavor means plenty of hops, too The bales of hops are trucked out of the room where they're guarded like costly mink coats—in cold, dry conditioned air. Then the buds are opened and separated by hand.

Plenty of hops are used—a big plenty—since everybody who orders Burkhardt's is looking for that "heart of the hops" flavor

So, if anybody asks you, "How does 'full bodied taste?" Here's what to tell him—Taste Burkhardt's and you'll know.

Burkhardt's
...from the HEART of the hops
The Burkhardt Brewing Co. Akron, Ohio



With malt as with coffee, freshly ground means fuller flavor

The kerneis of barley malt are crushed gently so the richness of the grains are more soluble.

How Will It Co-Operate With Lausche?

G.O.P. Gains Strong Hold In Ohio General Assembly

COLUMBUS, Nov. 9 (AP)—Republicans will have commanding majorities in both houses of the next Ohio General Assembly that convenes Jan. 1.

Unofficial returns from Tuesday's election show the G.O.P. control will be stronger than it was in the legislature during the first term of Democratic Governor Frank J. Lausche in 1945-46.

Here's how the parties split the new 33-member Senate and 135-member House of Representatives:

▶Senate — Republicans 26, Democrats 6, one Cuyahoga race undecided.

▶House — Republicans 95, Democrats 37, three Cuyahoga county races undecided. One of the House Democrats won election as an independent.

That's a switch from the 1949-50 Democratic control in both houses, which was divided this way:

▶Senate — Democrats 19, Republicans 14.

▶House — Democrats 69, Republicans 66.

But Mr. Lausche often had more trouble with the 1949-50 legislature than he did during his first term. Observers wonder whether the new legislature will be as co-operative during Mr. Lausche's third term.

During Mr. Lausche's first term Republicans had 20 senators and the Democrats 13. In the House, with 136 members that session, Republicans had 89 seats and the Democrats 47.

The 1947-48 legislature during Republican Governor Thomas J. Herbert's administration was lopsidedly Republican.

Republicans picked up seats of eight incumbent Democratic senators Tuesday. In the House, one Republican and 22 Democratic incumbents lost.

Defeated Democratic senatorial incumbents are:

Charles L. Bartlett and Maurice A. Niehaus, both of Cincinnati (First District); Richard A. Wilmer of Middletown (Second-Fourth); Evan P. Ford of Columbus (10th); Emmett R. Gutherie of Coshocton (17th-18th-19th-28th); Orval E. Whitacre of Minerva (21st); Catherine R. Dobbs of Barberton (24th-26th), and Robert C. Ragan of Toledo (34th).

Defeated Democratic House incumbents are:

Oscar F. Hughes of Butler county, Lee Hannah of Clermont, Carl Baker of Crawford, Irvin A. Miller of Fairfield, Morton C. Anderson and David M. Postlewaite of Franklin, Edward W. Dechant of Lorain, Harold F. Miller and Frank W. King of Lucas, Lonnie Hines of Monroe, George Grusenmeyer of Montgomery, Clifford L. Mitchell of Richland, John J. Brandel of Scioto, Joseph A. Dubar, Ed Witmer and Ann Ryan of Stark, Sophia Harter and L. C. Washburn of Summit, Philip M. Collins and Milton Tobin of Hamilton, Ora A. Knisley of Portage and Joseph F. Logan of Putnam.

The Republican defeated is Guy C. Hiner of Canton. He sought re-election as an Independent after losing a bid for the G.O.P. nomination for state senator in the May primary.

A legal technicality gave Pike county its first Republican representative in 30 years. He is Charles Noel Jr., who was unopposed in the Democratic stronghold where Lieutenant Governor George D. Nye makes his home. Mr. Nye was the only Democrat besides the governor to win a new term in an elective statewide office.

Montgomry county elected its first Negro to the House of Representatives. He is Frederick Bowers, a Republican.

Thomas A. Christy, nominally a Democrat, won election to the House from Monroe county as an Independent.

Four other present House members won election to the next Senate. They are Donald H. Rolf of Cincinnati and George C. Marshall of Columbus, both Republicans, and Elizabeth F. Gorman and Mark McElroy, both Cleveland Democrats.

D. A. Liggitt (R) of Logan county, ranking member of the Senate, won re-election to his ninth consecutive term in the upper chamber. He also has served two terms in the house.

Elected to his eighth straight term in the Senate is Fred L. Adams (R) of Wood county. Two senators won election to their sixth terms. They are Carl D. Sheppard (R) of Summit county and Albert L. Daniels (R) of Highland county. Mr. Sheppard also has served a term in the house.

Roscoe R. Walcutt (R) of Franklin county won a fifth term and may seek the majority leadership. He led the minority last term.

The ranking member of the House was reelected to an eighth term without Democratic opposition. He is George H. Kirkpatrick (R) of Knox county. In all, seven Republicans and two Democrats were unopposed for house seats.

John Hayden, Clermont county Republican with seven previous terms to his credit, was elected to the House.

Other Republicans who won seven terms in the House are Fred L. Hoffman and Gordon Renner, both of Hamilton county; J. E. Simpson of Hardin; Reed Essex of Paulding, and Clifton L. Caryl of Union.

All those Republicans and J. Frank McClure of Ashland county, who won a fifth term, may seek leadership in the House.

The present Democratic majority floor leader in the House won reelection and may seek the minority leadership in the next session. He is A. G. Lanicione of Belmont county.

Patrick J. Dunn of Tuscarawas county, dean of the Democratic side of the House by age, won election to a ninth term. He is 74. Ranking with him in years of service is Mrs. Anna F. O'Neil (D) of Summit county, elected to her ninth term.

Three leaders in the last legislature did not seek re-election. House Speaker John H. Cantwell (D) of Mahoning county lost the Democratic nomination for lieutenant governor; House Minority Leader C. William O'Neill (R) of Washington county won election as attorney general, and Miss Margaret Mahoney (D) of Cuyahoga county, Senate majority leader, did not run.

Farmer Gives Ground To Mother Wren

MIDDLESBORO, Ky. (UP)—Lee F. Craiger, a farmer and truck operator, found a wren building her nest in the tool compartment of his truck.

He went on hauling. When he was away on trips the bird stayed home patiently awaiting his return. Then she would go to work on the nest again. Mr. Craiger inspected the nest and found the wren hovering over six little speckled eggs.

Fearing the long hauls and jolting roads would spoil the eggs, he parked the truck and bought another one to use while the mother wren hatched her brood.

"I needed another truck anyway," Mr. Craiger said.

SENATE LINE-UP. Here is the new 49 Democratic, 47 Republican line-up in the U. S. Senate. The 36 R's and D's indicate Republican or Democrats elected in 33 states. States without R or D letters held no senatorial election this November.

'Waterproof' Watches Baffle Australians

SYDNEY, Australia (UP) — Watch dealers are having trouble with Aussies who take the word "waterproof" inscribed on wrist watches too literally.

Some have been wearing them under showers and when surfing or sailing. The local jewelers plan to take the matter up with their Swiss suppliers.

A Sydney jeweler, Mark Barnett, is telling his Aussia clients that "shockproof" watches only absorb knocks and jars and shouldn't be dropped on rocks and concrete floors.

U.S. Gets 'Bird' In New Russian Crossword Puzzle

MOSCOW, Nov. 9 (AP)—What bird is being persecuted for un-American activity?

The answer in five letters is "golud", which means dove.

This is one of 70 questions and answers in the latest crossword puzzle published in the magazine Ogonek (Little Flame), with its weekly circulation of nearly 400,000.

Some of the other Soviet definitions of words in the puzzle:

What word in seven letters is used often in the American Constitution, but is completely absent from American life? The answer is svoboda (freedom).

What word is feared most by warmonger?—Peace.

What is the MacArthur version of a courtesy call?—Raid.

What's the best for aggression in western Europe?—Ruhr.

What accompanies the Marshall plan?—Famine.

One of the first patents issued in the United States was for a process of making potash.

Juvenile Gunmen Fail To Convince Victim

FORT WORTH, Tex. (UP)—Mrs. Joe Wray, a housewife, laughed when she answered her doorbell to find two boys, 10 and 8, leveling a pistol at her and demanding money.

The pistol Mrs. Wray thought was a toy turned out to be a loaded .38-caliber revolver, she learned the next day when police picked up the youngsters.

The boys were "captured" when they tried to trade the revolver at a secondhand store for an automatic. The 8-year-old explained: "Nobody thought our gun was real, so we wanted one folks would know was real."

Red Cross Cashes In

COLUMBUS, Ind.—The local Red Cross chapter hit the jackpot on seven stolen slot machines found by police when they arrested three men for a break-in. The machines, in the thieves car, contained $269.99, and Justice of the Peace Irvin King gave the money to the Red Cross.

Taft Prestige Mounts With Easy Victory

Shadow Now Looms Larger Than Ever In Presidential Picture

WASHINGTON, Nov. 9—(AP)—Before the election they were calling Senator Robert A. Taft "Mr. Republican". You can underscore that now.

No candidate came out of Tuesday voting with a bigger gain in personal prestige than did the Ohio senator.

It was not only that he won. It was the way he did it—taking 84 out of 88 counties, carrying some industrial areas which hadn't gone Republican for 20 years, running up the biggest vote a senate candidate ever got in Ohio.

And all this against the combined opposition of organized labor and all the aid the Truman administration was able to give his Democratic opponent, Joseph T. Ferguson.

It put Mr. Taft's shadow larger than ever in the 1952 presidential picture.

And it strengthened his position as the real leader of the opposition in Congress to those policies of President Truman which Mr. Taft and others have fought as "socialistic".

As to the presidency, Mr. Taft's friends now roundly dispute a contention advanced against him in 1944 when Taft unsuccessfully sought the G. O. P. nomination. This was that he was no vote getter.

What kind of campaign did Mr. Taft make?

The senator's publicity director for the campaign kept some statistics. His figures show:

The campaign really began in May, 1949, Mr. Taft made 420 speeches in 1949 and 453 in 1950. He was on the radio 62 times the first year and 88 the second.

Near the end of the campaign, Mr. Taft made 25 television broadcasts. "It proved to be a very good medium."

During 1949, Mr. Taft toured Ohio and visited 224 plants. This year he visited 110.

He spoke personally with 350,000 persons in 1949 and 400,000 this year.

STILL 'MR. REPUBLICAN'. Victory gladness was evident on the face of Ohio's Senator Robert A. Taft as "Mr. Republican" waves his hat at the doorway of his headquarters in Cincinnati as the count assured re-election.

30 Girl Scouts And Leaders Attend Wheeling 'Vistarama'

THIRTY Girl Scout leaders, council members and Senior Scouts from the East Liverpool area are attending the "Vistarama" today in Wheeling.

The event, in session this afternoon and again tonight at 7, is to acquaint leaders with the 11 program fields in Girl Scouting and to give them an opportunity to exchange ideas.

Each town has arranged a display in a particular field. The local delegation is showing a miniature farm—complete with buildings, implements, farm animals and crops—to carry out its assigned agricultural theme. Mrs. Martin Gluchow is lecturer and Mrs. H. Dan Smith is hostess.

There also will be a Brownie exhibit with contributions from the various participating groups.

Miss Gretchen Arner and Mrs. Caesar Peters were in charge of the exhibits and arrangements for the local delegation, assisted by Mrs. Dan Henderson, Mrs. Earl Tweed, Mrs. Bernard Menge Mrs. David Wilson, Mrs. William Pullie, Miss Bernice Allen, Mrs Harry Zook, Miss Roxie Allen and Mrs. Robert McDermott Mrs. W. A. Sprouse is program chairman from council. The trip was made by chartered bus.

Other cities taking part include Steubenville, Martins Ferry, Marietta, St. Clairsville, Shadyside, Bellaire, Barnesville, Bridgeport, Wheeling, Moundsville, Wellsburg, Washington and West Alexander.

Parking Meter Proves Expensive As Souvenir

SOUTH BEND, Ind. (UP) — Richard Harris, 20, learned that parking meters are expensive souvenirs.

He and a companion were seen loading one into a car. They told police they wanted it for a souvenir.

The meter had been broken off by another vehicle, they said, and was lying on the sidewalk.

A city court judge fined Harris $60.

Schoolnic Heads Diabetes Detection Drive In County

Dr. J. W. Schoolnic has been appointed county chairman of the 1950 diabetes detection drive, the Columbiana County Medical Society announced today.

Other members of the committee are Dr. A. M. Simpson of East Palestine, Dr. Robert M. Dunlap, county health commissioner, Dr. C. W. DeWalt of Columbiana, Dr. P. W. Conrad of Leetonia, Dr. L. C. Ziegler of Salem, Dr. William A. McGarey of Wellsville, and Dr. Joseph T. Noe of Chester, industrial physician.

Diabetes Week will be observed Monday through Nov. 18. The medical society is co-operating with the American Diabetes Association in testing to find persons who have the disease without knowing it.

The diabetes association primarily is composed of physicians concerned with the problem

An attempt will be made next week to screen everyone in the community for diabetes, and to send those whose tests are positive to their physicians.

Any county resident can have a free urinalysis next week at any physician's office, East Liverpool City Hospital, Salem City Hospital, Salem Central Clinic and the Health Department.

Don't Be Satisfied With Symptomatic Relief! It's Possible to

RELIEVE THE CAUSE OF ACHES and PAINS IN ARMS, LEGS, BACK, SHOULDERS

when due to lack of Vitamins B_1, B_2, Iron and Niacin in the system!

A Marked Improvement Is Often Noticed Within a Few Days

If you've been suffering from cruel, stabbing aches and pains due to lack of Vitamins B_1, B_2, Iron and Niacin in your system—there's no need for you to be satisfied with symptomatic relief. Thanks to HADACOL it's possible to relieve the REAL and UNDERLYING CAUSE of such distress due to these deficiencies.

AND JUST LISTEN TO THIS! Continued use of this great HADACOL helps prevent such miserable aches and pains from coming back! It sounds almost too good to be true, doesn't it? BUT IT IS TRUE and here is why . . .

How HADACOL Works

HADACOL not only supplies weak, deficient systems with *extra* quantities of Vitamins B_1, B_2, Iron and Niacin but *also* beneficial amounts of precious Calcium and Phosphorus—elements so vital to help maintain good health and to guard against such deficiency ailments.

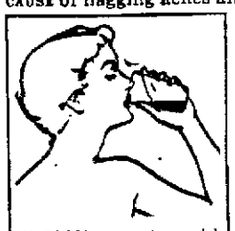
Many people with such deficiencies—who have waited and hoped for relief for some time—are now able to live happy and comfortable lives again, thanks to HADACOL.

A big improvement is often noticed within a few days' time. You start getting that wonderful, *wonderful* HADACOL feeling everyone is talking about and you'll want to keep it. And chances are you will if you just take HADACOL faithfully.

Be Fair to Yourself

If you've been suffering pain in your arms, shoulders, legs, back or hands (due to deficiencies of Vitamins B_1, B_2, Iron and Niacin) you owe it to yourself to give HADACOL a fair and honest trial. Be fair to yourself! Why suffer so and be such a burden to yourself and family—when relief is at hand right at your drugstore.

Remember, HADACOL is not a quick-acting pill which gives symptomatic relief. HADACOL actually relieves the REAL CAUSE of nagging aches and pains when due to such deficiencies. A trial-size bottle costs only $1.25. The large family or hospital size, $3.50.



HADACOL comes in special *liquid* form so that it's quickly absorbed by the blood. A big improvement is often noticed within a few days' time.

WHY HADACOL COMES IN SPECIAL LIQUID FORM

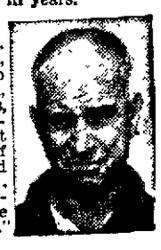
HADACOL comes in *special liquid* form. In this way the important elements of HADACOL are quickly and easily absorbed and assimilated by the blood. Why continue to 'doubt'—give HADACOL a chance to help you if you are so troubled. Recommended by hundreds upon hundreds of doctors. It *must* be good!

Just a Few of Thousands of Folks With Such Deficiencies Who Have Been Helped

Mrs. Nora Beshire, 633 South Knight, Wichita, Kansas: "I suffered from nagging aches and pains and had trouble sleeping nights. After taking one bottle of HADACOL, my pains went. I want to tell all the people I can how HADACOL helped me."

Mr. Will Burge, 501 2nd Avenue North, Texas City, Texas, who had such a deficiency: "I suffered so from aches and pains. At night my fingers and wrist would ache badly. I took HADACOL and after the tenth bottle I feel like a new man. Thanks to HADACOL I am now able to work hard and enjoy life."

Mrs. Eleanor D. Wiley, P. O. Box 2, Ruston, Louisiana: "I couldn't sleep; I had such pain, I seemed to ache all over. HADACOL testimonials convinced me I should give this wonderful product a chance, and after only half a bottle, I realized this was what I needed. I feel better than I have in years."



Henry Angel, R. D. No. 1, Springfield, Ohio: "I used to suffer great pain, especially in legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, the pain is all gone."

GET THAT WONDERFUL HADACOL FEELING EVERYONE IS TALKING ABOUT!

Radio In Review

By JOHN CROSBY

Who Said Radio Was Dead?

N.B.C.'s widely-trumpeted The Big Show (N.B.C., 6 p. m., Sundays) came perilously close to proving that radio is not dead after all, which means that some of us profound thinkers will have to revise our opinions. It was in virtually every respect a perfectly wonderful show—witty, tuneful, surprisingly sophisticated and brilliantly put together.

The Big Show was a big enterprise in every way. The opening program contained such names as Fred Allen, Jimmy Durante, Jose Ferrer, Ethel Merman, Paul Lukas, Russell Nype, Mindy Carson and Frankie Laine—all presided over and more or less blanketed by that extraordinarily vibrant lady known as Tallu.

It ran an hour and a half, one of the fastest and pleasantest 90 minutes in my memory. It was housed in N.B.C.'s newly-acquired Center Theater (3,000 seat). It had a 44-piece orchestra and 16-voice choir presided over by Meredith Willson and cost about a trillion dollars—and, well, it was big.

To get to the politics of the matter, it was also a bold and, I think, shrewd gamble. By starting off at 6 o'clock and extending through 7:30, N.B.C. hopes to lure all the listeners to its network before C.B.S. opens with its big gun, Jack Benny, and to hold them right on through Mr. B.

Sunday night in television areas is murderous on radio shows simply because there is so much good television fare that night. But most of the good adult programs start after 7:30 so that the grown-ups can now surrender the TV set to the kids and sneak off to the bathroom to listen to the radio for an hour and a half.

—:—

HOWEVER, N.B.C.'s biggest gamble may have been Tallulah Bankhead, an unpredictable volcano who has been known to sweep away whole villages when she erupts.

As mistress of ceremonies, though, she was sharp as a knife and succeeded somehow in outshining even the most glittering names on that glittering roster. My sole complaint is Miss Bankhead's addiction to the word "darling" (or "dolling", as she is wont to pronounce it.) She employed "dolling" 422 times—425, according to my wife's count—and that's a bit too much for an hour and a half. And besides there aren't that many dollings in the Western Hemisphere, dolling.

There were so many bright moments on the show I don't quite know where to begin. Ethel Merman, Paul Lukas and Russell Nype contributed about half of the score of Call Me Madam, including the show-stopping duet between Merman and Nype, You're Just In Love.

Later Miss Merman and Miss Bankhead engaged in a breathtaking exchange of female malice, the like of which I can't recall on radio. ("You've been in so many shows that have run two years. You must have been in at least 30 shows that have run two years.")

Tallulah is more or less inherently iconoclastic, if that's not too mild a word. Consequently the passages between her and her guests were happily lacking in that overwhelming mutual esteem which marks the pleasantries between most emcees and guests.

When Jose Ferrer modestly demurred at being called the greatest actor on the New York stage, she agreed almost instantly that he probably wasn't.

—:—

CONSEQUENTLY, most of the guests approached Tallu warily, keeping their lefts up and weaving slightly. All except Fred Allen, the one man who is a match for her. Mr. Allen remarked pleasantly that N.B.C. had tried him on radio and tried him on television and was now waiting for another medium to come along. "I've decided why they call television a medium. It's because nothing on it is well done."

As for the other high spots of which there were many . . . well, let's see. Jose Ferrer did a fine bit from the first act of Cyrano De Bergerac; Jimmy Durante complained in song about the terrible time he has lining up blind dates, and the whole cast in a rousing finale paid their respects to the late George M. Cohan with a selection of his songs. Even Tallu sang Give My Regards To Broadway) in a voice that has almost more timber than Yellowstone National Park.

I'd like to pass up the other stars in order to say a few kind words about the writers—Goodman Ace, Welbourn Kelley and Frank Wilson—who turned out a script which didn't contain a single cliche and did contain a great many amusing lines.

Oldest Electric Iron Claim Brings Dispute

LANSING, Mich. (UP)—Mrs. Virgil Kinney thinks she has the oldest electric iron still in use.

"I have an iron I bought in 1918 which has had only the cord relaced and never needed repairs," she said.

"What's more, I also have an electric toaster that has been used every morning the last 25 years and never has been repaired."

Mrs. Kinney entered her claim after hearing about a 24-year-old iron owned by Mrs. F. D Wicker of Memphis, Tenn.

City Bans Blaring Horns After Wedding Rites

LOUISVILLE, Ky. (UP)—This city soon will issue a "nuptial card" warning bridal couples that it is against the law to sound automobile horns in celebrating the wedding.

Captain Lloyd Chaudoin, police traffic superintendent, said the cards will accompany each marriage license, with a request that the wedding party observe a city ordinance prohibiting the excessive sounding of a horn.

The horn blowing is an old custom, but it is unlawful, Captain Chaudoin said.

Fashion No Defense, Judge Tells Speeder

CEDAR RAPIDS, Ia. (UP)—The court decided fashion is no defense against a driving law violation.

Police Judge William Matlas found attractive Esther Armstrong guilty of failing to comply with her driver's license restrictions, which required wearing glasses, and speeding.

Miss Armstrong told the judge she was not wearing her glasses because, "I just had my hair cut and glasses don't look good with short hair."

The judge was not impressed.

"Two dollars for driving without glasses and $10 for speeding."

Angler All Wet

Deaths, Funerals

Carl Whitehill Dies Suddenly

Pottery Maintenance Head Claimed At 49

Carl Whitehill, 49, maintenance superintendent for the Hall China Co., dropped dead today at 9 a. m. while seated in the plant restaurant on Anna Ave.

County Coroner Ernest R. Sturgis, who is to investigate, expressed the opinion death was due to a heart attack. Plant officials said Mr. Whitehill had not complained of being ill. He was pronounced dead on arrival at City Hospital.

Mr. Whitehill was employed by the pottery about eight years after working for the Sayre Electric Co. for several years. He was born near Fredericktown and lived in East Liverpool 37 years.

Mr. Whitehill was a member of Negley Masonic Lodge 565, and the Electricians Union.

He leaves his widow, Mrs. Gladys Mae Emmerling Whitehill; a son, James O. Whitehill, in the Air Force at Lackland Air Base, San Antonio, Tex.; his father, James O. Whitehill of Fredericktown; a brother, Arthur Whitehill of Fredericktown, and a sister, Mrs. Carl Slade of Pocomoke City, Md.

Rites will be held Monday at 2 p. m. in the Martin Funeral Home by Rev. M. Rudolph Miller, pastor of the First Presbyterian Church. Burial will be in Spring Grove Cemetery.

Friends may call Sunday afternoon and night at the funeral home.

Thief Turns 'Honest', When It Suits Him

SANTA FE, N. M. (UP)—Jim Hannah, state comptroller, now has two gas tank caps for his car. When he missed his, he bought another. Then he found an old one in the seat of his car with this message:

"Dear Sir: Undoubtedly you have by this time noticed that your gas tank cap has been missing. I borrowed the cap from you. You see, I had the same misfortune you did. I have since found my own gas cap, so I am returning yours. Yours very truly, An Honest Thief."

OHIO LADY FINDS FOUNTAIN OF YOUTH
REDUCING WITH RENNEL

Mrs. Edna Palarie, Box 92, East Palestine, Ohio writes: "Rennel has made me a new woman. I have lost 41 pounds. Wonderful, isn't it? To me Rennel is the fat person's fountain of youth."

Thousands of others have overcome the social and physical discomfort of being overweight with this effective home recipe. It's easy—no trouble at all and costs little. Just go to your druggist and ask for four ounces of liquid Rennel Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. No diets to complicate your meal planning. No expensive vitamins to fortify your system from weakness while going without food for you can eat normally. If the very first bottle doesn't show the simple, easy way to lose pounds of bulky fat and help regain slender, more youthful curves—if reducible excess fat doesn't seem to disappear almost like magic just return the empty bottle to the manufacturer for your money back. Insist on and be sure to get genuine Rennel.

Town Dam Breaks, Big Fish Fry Follows

DECATUR, Miss. (UP)—While enlarging a dam around a private lake on the farm of Hinton Thornton near here, a bulldozer rammed into a wall of the dam, breaking it and letting all the water out.

Decatur citizens hurried out and helped themselves to hundreds of pounds of fish from the well-stocked lake and tossed a big public fish fry.

In appreciation for the free meal, residents are going to help Thornton rebuild the dam.

The pangolin of Sumatra, a member of the anteater family, is clothed in scaly armor so strong that it can resist a revolver bullet.

IT WON'T BE LONG NOW FOR SHORTY. Former bartender Raymond Fennell (left) was given short notice by the Albany, (N. Y.) recruiting board when he volunteered for service in the army. But Joseph Glamm, 21, of Amsterdam, N. Y., who is seven-foot-one, was turned down because he was too tall.

Long-Dead Professor Still On Mailing List

CLINTON, N. Y. (UP) — A world's record for remaining on a mailing list seems to have been set by Professor Christian Peters of Hamilton College.

The college received from Pompeii, Italy, a freshly-mailed magazine addressed to Mr. Peters.

Were the professor alive, he would be 130 years old.

Even the Litchfield Observatory, which Mr. Peters directed before his death in 1890, exists only in the form of a memorial block of granite.

Wife Wants To Know

MILWAUKEE — A resolute woman called the sheriff's office here and asked if she could borrow a lie detector. She explained that her husband had agreed to submit to a test on his claim that he had been "out with the boys the last few nights".

Rivers Move Around Since Pioneer Days

ALTON, Ill. (UP) — At their confluence here, the Mississippi River has moved a mile east and the Missouri River more than one mile south since 1804.

That was determined by the Madison County Historical Society in seeking the exact site occupied by the Lewis and Clark expedition in preparing for its two-year exploration trip through the West.

Historians found that the camp site is now about three-fourths of the way across the Mississippi River to the west.

Cellar's Dug Away So Boat Can Be Moved

MALONE, N. Y. (UP)—Kenneth Boyea spent the winter building a boat in the cellar of his home.

When it was finished, he found he couldn't get the boat out the cellar door.

Boyea and his father, Wallace, found they had miscalculated by a few important inches.

They decided to cut and dig away the masonry to get the boat out, since to take it apart would involve removing 17 gross of screws.

10 Liverpool Seniors To Play Final Game Before Home Fans

6 Regulars Included; Timken Here On Friday

Ten seniors, including six regulars, will play their last game before the home fans Friday night when the Potters ring down the 1950 home schedule at Patterson Field in an Eastern Ohio Scholastic Athletic Conference tussle against Canton Timken. Kickoff is scheduled for 7:45.

The six regulars are Quarterback Hugh Chronister, who will not see action because of illness, Left Halfback Dan Skaleski, Right Halfback Bob Sullivan, Center John Reed, End Dick Thompson and Don Glenn, who has been used at end most of the season, but who will be holding down the blocking slot tomorrow night.

Other seniors are Defensive Back Jim Laughlin, End Dewey Cosgrove, Center Al Lockhart and Tackle Bob Bible.

The starting eleven tomorrow night also will show Dan Cooper with Thompson at the wings, Dave Powell and Don Perkins at tackles, Tom Jenkins and Don Chadwick at guards, with Eddie Oliver and Len O'Hanlon in the backfield.

Coach Wade Watts said he'll alternate Skaleski and Oliver at left half, each being scheduled to play at least two quarters, barring injuries. Oliver, who saw only little action in the Ferry game two weeks ago because of a leg infection, again is in top physical condition.

The Potters will be sent through a final tuneup for the Timken game either this afternoon or tonight. Coach Watts said it will depend a lot on the weather.

Tomorrow night also will find the Bengals of Wellsville in action at Tiltonville. The kickoff there is slated for 7:30. Faculty Manager George Adams at Wellsville announced tickets will be sold only at the game and none will be reserved.

Coach "Chuck" Sell's Orange and Black gridders will be seeking their fourth straight and fifth of the season against an opponent which last fall pinned a crushing 40-0 defeat on them

However, the Bengals recently have avenged some reverses suffered last year, and will be out to even the score with the Tiltons.

Meantime, three district elevens will complete schedules for the 1950 season. East Palestine and Columbiana wind up as they tangle at Columbiana, while Leetonia rings down the curtain at home against Springfield township.

Saturday's lone attraction will find Lisbon's undefeated but once-tied Blue Devils winding up the campaign against an invading and dangerous Columbus St. Charles eleven. Kickoff at the county seat is scheduled for 2 p. m.

The final game of the district season will be played Nov. 17 at Nicholson Stadium when the Potters and Bengals tangle in their traditional battle.

Defensive Leaders Meet On Saturday

NEW YORK, Nov. 9 (AP)—The game between Kentucky and Mississippi State on Saturday will bring together the two total defense leaders of major college football.

Based on average yardage allowed to opponents per game, figures released today by the National Collegiate Athletic Bureau showed Mississippi State's Maroons on top with 150.5 yards permitted in six games. Kentucky's Wildcats have given up 168.9 in eight starts. Wyoming was third with 169.0 for seven games.

The Maroons also led the pack in forward pass defense with only 43.2 yards per game against them. One big reason for this is that their foes have tossed only 52 times. Compare that figure with the 192 passes fired against Ohio State also in six games.

Ohio State remained in front at rushing defense, having permitted 62.0 yards per game. An explanation for this is that the Buckeyes are the "most-passed-against" major team in the land. Their opponents have tried only 223 running plays as against 192 in the air.

Darlington Fifth Victim

Coach Andy Zubel's Chester Panthers clamped the lid on the 1950 grid season Wednesday afternoon by smothering invading Darlington, 26-0, for their fifth victory in eight games.

In whitewashing the Pennsylvanians on a muddy gridiron which hampered the attack of the Purple and Gold, the Panthers established a great defensive record as well as offensive record for the first campaign under the youthful mentor.

In all five games won by the Panthers, all five opponents were shut out. They defeated Wellsville, 6-0, New Cumberland, 27-0, Jefferson Union, 29-0, Newell, 25-0, and Darlington, 26-0.

Yesterday they scored with apparent ease soon after the first kickoff, but were held to a 7-0 score at the half. They clicked on a 55-yard pass in the third, and then turned two intercepted passes into touchdowns in the third and fourth quarters.

Fullback Phil Tridico, who climaxed a brilliant four-year career as a regular, crashed into the Darlington end zone for two of the TD's and booted two of four extra points from placement.

Harry Huff, lean but elusive right halfback, galloped 22 yards for the first tally, and End Gordon Ingold pulled in a pass for a touchdown that covered 55 yards.

Darlington's ground and aerial attack was completely bottled up by the Chester line and secondary. The Pennsylvanians made only one threat. They recovered a Panther fumble early in the third period on the Chester 40.

After picking up a first down on running plays, interference was ruled on Gerald Zeh's pass on the Panther 10. He was tossed for a five-yard loss on the next play, and then Guard Fred Hood intercepted his pass on the next to squelch the threat.

Chester's ground and aerial offense clicked for 11 first downs. Darlington was held to two.

Darlington received but failed to gain and Tommy Simcox chased back 35 yards to the Darlington 35 with the punt. Running plays picked up a first down on the 22, and then Huff skirted his left end for the first touchdown. Tridico converted.

The Panthers drove back to the Darlington 22, but were held for downs. Most of the half was played in the visitors' territory.

Early in the third period, Hood stopped a Darlington threat by intercepting inside the Chester 10. The Panthers then drove 87 yards for their second score.

With the ball on the Chester 45, Simcox pitched to Ingold on the Darlington 35 and he sprinted across for the touchdown. Tackle Dick Bryan's key block on the 20 made it easy sailing for Ingold. Tridico booted the point.

Center Al Lockhart later in the period snagged another Darlington aerial on the invaders' 30. Simcox rounded left end to the 10. Tridico then plowed through right tackle from the seven. Tridico's placement struck the goal post and bounded back into the end zone.

Darlington again took to the air. But Tridico batted a pass in the air and then hauled it down on the midfield stripe. Dick Clutter passed to Huff who ran to the 15, a gain of 35 yards. On the first play, Tridico cut through right tackle, reversed his field and ran over for the last touchdown.

OSU Scout Says Team Making Breaks To Win

COLUMBUS, O., Nov. 9 (AP)—An Ohio State football scout thinks the team "that can make the breaks" is going to win the Ohio State-Wisconsin football game here Saturday.

Scout Marty Karow told a gathering of Buckeye supporters here last night:

"The winner is going to be the ball club that can make the breaks, a thing that both Ohio and Wisconsin have been pretty good at so far."

Then he warned:

"One of them is due to not get so many. Ohio certainly has been making its breaks by hitting hard and playing alertly. Wisconsin has also been on its toes."

The Bucks' drill sessions yesterday were devoted to pass-defense as well as perfecting their own passing attack. Tony Curcillo took the part of the Badger's star passer, Johnny Coatta, in the defense drills.

Although outscored 178-177 by its 1949 opponents, North Carolina won seven of 10 games and played in the Cotton Bowl.

'Powder Bowl' Slated

BOWLING GREEN, O., Nov. 9 (AP)—Touch football teams of the Alpha Xi Delta and Delta Gamma sororities of Bowling Green State University will stage a "Powder Bowl" game here Friday afternoon. Funds from sale of tickets to the game will go to charity.

Chester Closes Season With 26-0 Victory

OSU, Oklahoma, Army, California Are Choices

By HAROLD CLASSEN

NEW YORK, Nov. 9 (AP) — The country's college football teams made the turn into the tough November part of their schedules last week end. And the contests were so tough this corner was able to predict only 59 of 73 decisions correctly.

That's an average of .809 for the week.

Here are this week's picks with absolutely no assurance that the average will be any better:

Wisconsin at Ohio State: The Badgers have held five Big Ten opponents to 52 points. Don't be surprised if the Buckeyes score that many Saturday. But Wisconsin could lose, 100-0, and still be the Rose Bowl team simply by beating Minnesota on Nov. 25 providing Ohio State also beats Illinois. Ohio State.

UCLA at California: Red Sanders, UCLA coach, says California has the best running attack off the T formation he ever saw. Why argue? California.

Pittsburgh at Notre Dame: This is the second step in a new Notre Dame victory string. Only the pelt remains of the once fearful Panthers, Notre Dame.

New Mexico at Army: Aw, go on and pick on somebody your own size, Army.

Kansas at Oklahoma: If there is going to be an upset, here's the spot for it especially in view of the Oklahoma injured list. But you must stick with the champion, Oklahoma.

Harvard at Princeton: Once upon a time . . . But, of course, that was before the invention of the steamship, electric lights and the cotton gin, Princeton.

Kentucky at Mississippi State: Kentucky has the habit of giving one football game away each season. Perhaps Babe Parilli and Bob Gain can keep them from doing it this year, Kentucky.

Texas A and M at Southern Methodist: How can you be sure of anything in the Southwest Conference? The Mustangs should be rebounding, Southern Methodist.

Illinois at Iowa: Iowa's cripples are healed and John Karras still is limping at Illinois. But the Hawkeyes are too thin, Illinois.

Here are the rest of the games:

Friday night—

Miami over Louisville, Syracuse over John Carroll.

Saturday—

East: Boston University over New York University, Buffalo over Ohio University, Clemson over Boston College, Cornell over Colgate, Dartmout over Columbia, Fordham over Georgetown, Franklin and Marshall over Washington & Jefferson, Lehigh over Carnegie Tech, Penn State over West Virginia, Penn over Brown, Rutgers over Lafayette, St. Bonaventure over Toledo, Temple over Bucknell, Tulane over Navy.

Midwest: Iowa State over Drake, Miami (Ohio) over Dayton, Michigan State over Minnesota, Marquette over Holy Cross, Michigan over Indiana, Missouri over Colorado, Nebraska over Kansas State, Northwestern over Purdue.

South: Alabama over Mississippi Southern, Georgia over Florida, Duke over Wake Forest, Georgia Tech over VMI, Mississippi over Chattanooga, Vanderbilt over LSU, Maryland over North Carolina, North Carolina State over Davidson, South Carolina over the Citadel, Virginia over William & Mary.

Southwest: Texas over Baylor, Rice over Arkansas, Texas Tech over Tulsa.

Far west: Colorado A and M over Utah, Montana State over Idaho State, Montana over Nevada, Oregon State over Idaho, Washington over Oregon.

Wildcats Eye 1st Loop Title

STARKVILLE, Miss., Nov. 9 (AP)—A blue-chip win for Kentucky over Mississippi State here Saturday could result in:

▶The Wildcats from the bluegrass practically clinching their first Southeastern Conference championship since the league was formed in 1933.

▶And tremendously enhance their chances for a Sugar Bowl bid.

Down in New Orleans where the Sugar Bowl classic is played, they've been talking about the possibilities of Kentucky and S.M.U. meeting there Jan. 1.

Kentucky's Paul Bryant, a master mentor when it comes to saying the proper words before a crucial battle, sums up the Mississippi State game like this:

"Based on their record and our scouting report the Maroons could easily be one of the toughest clubs we have faced or will face all season."

Cincinnati End Leads Grid League Scorers With 43

DAYTON, O., Nov. 9 (AP) — End Jim Kelly, principal target for the University of Cincinnati's passing game, is the leading individual scorer of the Mid-American Conference football elevens.

Kelly leads the conference point-getters with a total of 43 points on seven touchdowns and one point after touchdown.

That puts him seven points to the good over Quarterback Norm Harris of Western Michigan with 36 points.

Jim Bailey, Miami University fullback, holds rushing honors in the Mid-American with an average of 9.3 yards on each of 44 carries, which have netted 410 yards. Stan Malec, Western Michigan fullback, is second with a 7.8 yard average.

Gene Rossi, Cincinnati quarterback, tops the passers with 52 completions in 108 attempts for eight touchdowns, an average of .481.

And, Rossi's favorite target is the loop's leading scorer, Jim Kelly, who also tops the pass receivers. Kelly has 22 catches and a net gain of 352 yards.

Rams Head East For Trio Of Pro Tests

LOS ANGELES, Nov. 9 (AP)—The Los Angeles Rams, who are the joy and consternation of pro football fans here—and sometimes they are both at the same time—take off today on a vital three-game swing to the midwest and east.

President Dan Reeves' rollicking Rams are riding in front of four straight wins and shooting for their second successive divisional title in the tough National League as they face games with Green Bay, the New York Yanks and the Chicago Bears.

Win or lose, Reeves' herd of sterling athletes already has accomplished more than many expected — and much more than their former coach predicted when he stepped out of the fold in a lively rhubarb last winter.

The coach, the distinguished T-stylist, Clark Shaughnessy, advised quite suddenly that he was being replaced by his line coach, Joe Stydahar, blurted something to the effect that he could take a high school team and beat a Stydahar club.

Giant Joe, who generally is as friendly as a pup but who can get as incensed as an irritated buffalo, never has appreciated his predecessor's observation.

And with the help of three highly efficient aides, Hampton Pool, Red Hickey and Mel Hein, Stydahar has managed to whip up a team that is not only exciting to watch and often brilliant, but one that happens to be the leading offensive club in the league and a dangerous championship contender.

He has an outfit starry with talent, strength and amazing speed. It also has excellent spirit, which was lacking when the club tailed off late in the 1949 campaign.

Stydahar can be rough when it is necessary, however. He applied the lash when Philadelphia beat them, 49-14. And just a week ago he sent his playboys home from practice when they were making jokes instead of yards.

Shaughnessy, incidentally, has been scouting the Rams this season for Green Bay. A couple of days ago he paid the Rams a big compliment. He said they ought to beat the Packers by four or five touchdowns.

Stydahar agreed that this was a big compliment—much too big, in fact. It will be all right with Joe if Shaughnessy in the future trims such tributes down to one touchdown.

Liverpool Plebes End Season With 32-13 Win

Coach Lou Venditti's Liverpool Yearlings rang down the curtain on the 1950 campaign Wednesday afternoon at Patterson Field by walloping Lisbon's Plebes, 32-13, for their fourth victory against two losses and a tie.

Sparked by Art Adkins who scored twice and dropkicked two extra points, the future Potters tallied twice in the second period, twice in the third and once in the fourth. Lisbon got its TD's in the second and final periods.

Adkins scooted 30 yards in the second quarter, but the extra point attempt failed.

Lisbon came back to go ahead on Anderson's 60-yard scamper and Len Adams' conversion.

But the Little Potters moved in front to stay when Adkins crashed over from the four after he had chased 36 yards to set up the score. Liverpool led at the half, 12-7.

Joe Jackson climaxed a 60-yard drive by smashing over from the five, and Wally Thomas later in the third intercepted a pass and raced 35 yards. Adkins dropkicked the extra point to make it 26-7.

A 40-yard Lisbon drive in the final period was capped when Utt battled over from the one. For their final TD, the Little Potters pushed 50 yards with Jackson scoring from the two.

Red Proposal Reported On Invaded Tibet

India Also Keeps Eyes Upon Nepal As King Flees In Revolt

NEW DELHI Nov 9 (AP)—A report from India s representative in the Tibetan capital of Lhasa today ignored unconfirmed reports of Chinese proposals on future relations between Red China and Tibet

The Indian representative Dr S Sinha, declared instead there has been no appreciable change in the situation since his last report received here Sunday

The unconfirmed reports from Kalimpong of the Chinese offer said the Reds proposed to station troops in Lhasa and to control Tibet s defense foreign relations and interal communications The Chinese were reported offering in return to leave Tibet s internal administration to the regime of Buddhist priests who now control the country

Indian newspapers meanwhile, continued to devote much attention to Nepal, tiny buffer state between India and Tibet whose king was replaced Monday by his 3-year-old grandson in a palace revolution engineered by Nepal s all-powerful prime minister

Editorials emphasized a need for political and economic stability in Nepal, particularly in view of the situation in Tibet

Reliable reports reaching here today said Nepal s new boy king Gyanendra, was hidden by his nurse as his grandfather King Tribhuvana Bir Kirkram and his family fled the palace Monday to take refuge in the Indian embassy in Katmandu the Nepalese capital

There has been much speculation as to why the king s family left without the child Sources here were unable to say why the nurse hid the boy but apparently the king s family was in such a hurry they were unable to search for him

The reports said the nurse also hid another royal infant, presumably a younger brother or sister of Gyanendra

In the other categories Herb Rich Baltimore leads the punt return leaders with an average of 34 2 yards on six returns Wally Triplett of Detroit who last week was inducted into the Army the kickoff return leaders with a 51 4 average and Don Doll also of Detroit the interceptors with 8 for 119 yards

Series TV And Radio Money To Go Into Fund

VERSAILLES Ky Nov 9 (AP)—A recommendation that the bulk of the $975 000 received from World Series radio and television rights be put into the player pension fund will be put before the baseball club owners at a meeting in Cincinnati Nov 16

Baseball Commissioner A B Chandler said last night an agreement to make recommendation was reached in a conference yesterday He said he conferred at his home here with Marty Marion of the St Louis Cardinals, the National League player representative and Freddie Hutchinson of the Detroit Tigers, representative of the American League players

A minimum of 10 years service in the major leagues would make a player eligible for a $100 a month pension after reaching the age of 50

The owners must ratify the proposal for putting the money into pensions A demand that the serys money be distributed among the series players was made earlier by the players Chandler said there is no disagreement now on how the money should be used

Cleveland's Barons Nail Hockey Loop Lead

By The Associated Press

Thanks to help from an unexpected source, the Cleveland Barons today held a one point lead over the Cincinnati Mohawks for the western division leadership in the American Hockey League

While the Barons were edging the Hershey Bears last night in an overtime duel, 5-4, they received a pleasant surprise in the defeat of Cincinnati by the Indianapolis Capitals, 5-3

In beating the Mohawks and dislodging them from the divisional lead, the last-place Caps were accounting for their second triumph against nine defeats and one tie.

The Providence Reds blanked New Haven, 4-0, in an eastern division clash

The Springfield Indians swamped St Louis, 8-3, paced by Center Kelly Burnett's hat trick.

Some States Will Gain, Others Will Lose

Here's How Census Affects Congress

By JAMES MARLOW
Associated Press Staff Writer

WASHINGTON, Nov. 8 — The government has taken its census on the population. As a result of its new figures, some states will gain some congressmen, others will lose some congressmen.

This is the story.

The Constitution says every state is entitled to at least one congressman. But whether a state gets more than one congressman —and how many more—depends on the total number of congressmen in relation to total population.

To be sure each state gets the correct number of congressmen—based on population—the Constitution says the government shall take a national census every 10 years.

This has been done, starting in 1790. The result of the 1950 census was announced last week

As the years passed and the population grew the number of congressmen—that is, members of the House of Representatives—also grew. It was decided some limit had to be put on the size of the House. Otherwise, it couldn't do business.

So the House itself in 1910 said there could be no more than 435 congressmen. That figure still stands. There are only 435 today.

Putting this limit on the number of congressmen, while the population grows, means that as time passes those 435 congressmen are representing more and more people.

—:—

FOR EXAMPLE, in 1940 the total population was 131,000,000. The 435 congressmen, divided into that total population, meant one congressman for every 301,000 people.

Now in 1950 the total population has jumped to 150,697,000. Dividing the 435 congressmen into that total means each is now representing 346,000.

So, for each 346,000 of its population, a state is entitled to one congressman. That's the way it should be under present law.

But this will show what the problem is.

The last time Congressmen were apportioned among the states, according to total population, was after the 1940 census.

And in that year, when each congressman was supposed to represent 301,000 people, California's population was 6,907,387. So California got 23 congressmen, since 301,000 divided into 6,907,387 comes out roughly at 23.

In that same year New York state's population was 13,479,142. Dividing 301,000 into 13,479,142 shows New York was entitled to 45 congressmen.

But, as mentioned before, the total population now is 150,697,000. And since there still are only 435 congressmen, each now should represent 346,000 people instead of 301,000 as in 1940.

While New York's population is greater than California's, the latter's population in the last 10 years has increased at a faster rate than New York's.

California's population now is 10,586,223. New York's is 14,830,192. Since there should now be one congressman to every 346,000 people, California is entitled to only 43 (two less than in 1940)

And that's the picture with a lot of states around the country. Some are now entitled to more congressmen, some to less. Seven states will gain seats in the House, nine will lose seats.

—:—

HOW IS this done and when? Mathematicians of the Census Bureau have figured out how the 435 House seats should be redistributed among the states. When the new Congress—the 82nd—begins its term in January, 1951, President Truman under law must present it with these redistribution figures.

If the House doesn't make any change in the law, then the redistribution will take effect before the next congressional elections in 1952.

Since it passed the law freezing its membership, the House can change the law any time, unfreezing the number. It could, for example, boost the House seats beyond the present 435, letting the faster-growing states have more congressmen.

There's something to remember in this—once a state gets its rightful number of congressmen, the state itself decides how many people each of its congressmen shall represent within a state. It sets up its own congressional districts.

For example: Say in 1952 a state has 1,038,000 people. That's three times 346,000, the amount of people each congressman is supposed to represent on the national average now. That state gets three congressmen.

But then the state can divide up its congressional districts in such a way that one congressman has a district with only 50,000 people, the second has a district with only 100,000 and the third has all the rest.

The House has the power to order a state to change its district setup, but has never invoked that power

Note: None of this redistribution according to population applies to the Senate at all. It has 96 members, two from each of the 48 states. Population has nothing to do with the number of senators a state is entitled to.

The Constitution says each state must have two senators. That's all.

Synagogue To Mark Armistice Day Friday

A special service in observance of Armistice Day will be conducted Friday at 8:15 p. m. in the B'nai Jacob Synagogue. Representatives of veterans' organizations will participate.

William Brokaw, commander of American Legion Post 4, will speak on "The Significance of Armistice Day", and Charles F. Stull, commander of American Legion Post 374, will discuss "The Unknown Soldier". Others to participate will be R. M. Baur, chaplain of Disabled American Veterans Chapter 47; Gerald Hughey, commander of the East Liverpool Veterans Burial Group, and Harry Steinmetz, chaplain of Veterans of Foreign Wars Post 66

Rabbi Albert L. Raab will officate and offer a special prayer. Music will be furnished by the Synagogue Choir. A social hour will follow.

Next week's choir rehearsal will be held Monday at 8 p. m. instead of Tuesday night.

India's People Urged To Turn To Peanuts

LOS ANGELES (UP)—India's 400 million people could overcome malnutrition if they could be induced to eat peanuts instead of feeding them to cattle, an Indian biochemist believes.

Dr. P. K. Vijayaraghavan of India's nutrition research laboratory is doing special protein research at the University of California at Los Angeles.

He said India is starved for proteins because of her traditional cattle worship. Age-old customs have made vegetarians of the people.

Peanuts are one of India's biggest crops, the doctor said, but most of the crop is fed to cattle. If the people would eat them, many diseases which plague the country would be wiped out, he believes.

Spicy Rocks Top Off Quick After-Game Snack

AFTER the game is over and the crowd stops by you'll want to be prepared with a bite to eat Who isn't hungry after a stretch in the open air?

To reach your goal of ranking as an excellent hostess here's a menu plan which you can follow through in close to 15 minutes time with cheers from your guests hot open faced sandwiches, assorted relishes, an overflowing cookie jar of chewy rocks and hot spiced cider

The rocks are simple spicy drop cookies filled with chopped nuts and raisins The cookies are baked the day before and the cider is made ready for heating

Likewise the sandwiches may be prepared in the morning then stored in the refrigerator all ready to be slipped in the broiler a few minutes before time to serve Include open faced sandwiches of peanut butter topped with bits of bacon tomato slices with bacon, Swiss cheese and bacon, cream cheese and bacon

Prepare an assortment of relishes in the morning (celery curls, green pepper rings carrot sticks, radish roses) Keep them covered or in the vegetable keeper in the refrigerator until ready to arrange on the serving platter

ROCKS

¾ cup lard
1½ cups light brown sugar
3 eggs
2¼ cups sifted enriched flour
1 t cinnamon
½ t soda
½ t salt
3 cups raisins
1 cup chopped walnuts

Cream the lard and sugar and add the well beaten eggs Reserve one cup of the flour to mix with the raisins and nuts Sift together the remaining flour, cinnamon, soda and salt Combine ingredients and mix well Place by spoonfuls on a cookie sheet and bake in a hot oven (400 F) until lightly browned Will yield 8 dozen medium cookies

Man Faces Nov. 20 Trial In Beech Bottom Killing

WELLSBURG, Nov. 9 (AP)—Calvin Norman, 27 - year - old steelworker, will stand trial Nov. 20 on a charge of voluntary manslaughter

He pleaded innocent yesterday to the charge, which grew out of the fatal shooting Monday of his father-in-law, Clarence Barr, 43, at the Norman home at Beech Bottom

Mr Barr, who also resided at Beech Bottom, was injured fatally with a shotgun in what Sheriff Richard L. Hogg described as the climax of a series of quarrels between the two men

The grand jury, in session at the time, promptly returned the manslaughter indictment against Norman

Truman Still Seems Cheerful

President And His Staff Say Little About Election

ABOARD YACHT MY MARY GAIL Nov 9 (AP)—President Truman cloaked his disappointment and probable surprise over Tuesday s Democratic election setbacks behind a cheerful appearance today and pondered his future

Mr Truman and his staff are not saying much about the results except to point to the fact that the Democrats retained control of the Senate 49 to 47, and of the House by what they described as a comfortable majority It was whittled sharply from the present margin

As an election aftermath the question naturally arose whether the President will seek his own re-election in 1952 with the same kind of 'give- em-hell campaign he staged in 1948

Mr Truman has never said he will not run again And he has never said he will At the same time there has been no effort on the part of the national committee to build up another Democrat for the contest

And several of those who have been frequently mentioned as possibilities if the President does not run again were defeated Tuesday That would seem to put additional party pressure on Mr Truman to make the race again

Members of the President's party aren't talking about the future though They still are trying to figure out what went wrong Tuesday

Queried by reporters as to Mr Truman s explanation for the defeat of top ranking party members Presidential Secretary Charles G Ross said tersely 'The President has not expressed himself as to that

Mr Truman and his party meanwhile continued their cruise aboard the presidential yacht USS Williamsburg This brief outing on the Potomac River and Chesapeake Bay may well be the President s last vacation of the year

Mr Ross described the President to newsmen on this accompanying yacht as a very cheerful man Mr Truman didn't seem to have much to cheer about except the defeat of Republican Senator Forrest C Donnell in his home state of Missouri The only GOP senator who lost Tuesday Mr Donnell was defeated by Democrat Thomas C Hennings Jr of St Louis

Even there Mr Hennings was Mr Truman s second choice among the Democrats He had supported Emery Allison against Mr Hennings in the party primary

Still the President could recall an even worse defeat in the off-year congressional elections of 1946 when the Republicans swept into control of both houses

"I convinced my husband!" wrote MRS. H. E. ASHLEY, 2809 W. Tuscarawas St., CANTON

1 White shirts were whiter— My husband thought the shirts I'd washed with No-Rinse Surf were the whitest he'd worn"
2 Colored shirts were brighter— 'My husband thought they were new They weren't I'd just washed them in No-Rinse Surf"
3. Everything smelled cleaner— "Go on I said tell me that you've ever smelled any wash so sweet, so fresh so fragrant!'"
4 And look at the tub— A clean wash leaves a clean tub I told my husband Tell me when you've seen it so clean!'
See for yourself with No-Rinse Surf—only washday product approved by U.S.Testing Co. for no rinsing!

17 At Midland Enter Society

13 Juniors, 4 Seniors In High School Group

Thirteen juniors and four seniors have been accepted into the National Honor Society at Midland High School, Miss Marie Milanovich, sponsor, announced today.

The juniors are:

Judy Adams, Mary Jane Doak, Billy McGovern, Shirley Meek, Angeline Milanovich, Virginia Mullin, Ronald Nott, Daisy Prodonovich, Bill Replane, Marjorie Russell, Edward Simms, Sonya Trkula and Anna Vidakovich

The seniors:

Ruth Adams, Lillian Ferenchina, Vance Thompson and Howard Sherman.

Sixteen, who now are seniors, Miss Milanovich said, are holdovers from the 1949-50 Honor Society.

They are

Donna Aikens, Julia Boyle, Caesar Colista, Lydia DeProspero, Betty Jane Edmiston, Howard Hallett, Thomas Hough, Joanne Hohan, Kathleen Jacob, Katherine Castner, Julia Torres, Mary Yee, Evelyn Mason, Shirley Porter, Marian Reed and Joyce Siderich.

Surplus

(Continued from Page One)

from a letter he received from the Texan:

"The thing may be summed up by saying that the disposal agency was delighted to unload what it thought was a heap of junk on an unsuspecting country boy and that the colonel in charge of the purchasing agency and the personnel at Wright Field were delighted to repurchase this equipment in brand new condition."

Declaring "this is perhaps the most astounding case of shortsightedness" the committee has uncovered, Mr. Johnson said he was making it public in hope it will impress all government agencies to be more cautious in disposing of defense equipment.

Palestine Department Linked In Sheriff Radio

The county's law enforcement radio network was widened today with the addition of East Palestine to the five community hook-up with the sheriff's office at Lisbon.

Sheriff Howard Clark said East Palestine put new radio equipment into operation today on the same frequency as his office and police headquarters in Wellsville, Columbiana, Leetonia and Lisbon.

In addition, Sheriff Howard Clark said, a receiver is being installed in his courthouse headquarters to pick up East Liverpool police broadcasts

However, to contact East Liverpool by air his office must contact Wellsville, which in turn radios this city.

Both Salem and East Liverpool are on separate frequencies.

Munition Plant Burns

PEMBROKE, Wales, Nov 9—A Home Office fire expert searched today for signs of sabotage in a blaze which burned down an ammunition plant near the Pembroke docks yesterday.

Princess Has Cold

LONDON, Nov. 9 — Princess Elizabeth is confined to her home today with a heavy cold.

Although sugar beets and sugar canes are not chemically related, sugar from both is identical

America's Weapons

THE FJ-1 FURY, a jet fighter, built by North American Aircraft for the Navy. It has a ceiling of more than 36,000 feet, a speed of more than 500 knots. Gross weight is 15,000 pounds.

The puppet show gained favor in England after the Puritans banned live acting in 1642.

Official Election Count May Be Ready Friday

Official tabulation of Tuesday's balloting in Columbiana county continued today at Election Board headquarters at the Courthouse in Lisbon and the final count is expected Friday morning.

The heavy vote, plus new-type ballots and numerous abstracts to be completed, is slowing the official count. Totals on the write-in campaign for the unexpired term of judge of the State Supreme Court probably will not be ready before tomorrow, it was said.

Vital Odds Beaten

JAMESVILLE, Wis. — The U. S. Bureau of Vital Statistics says the odds are 28 million to 1 against one family having three children born in different years on the same day. Mr. and Mrs. Louis Fiedler did it. Their children, aged 10, 7 and 7 months, were all born on Nov. 10.

Puppetry is one of the oldest drama forms.

Truck And Dwelling Damaged In Blazes

Firemen answered two alarms Wednesday afternoon with slight damage resulting in each blaze.

The department was called to Park and Elysian Ways at 1:08 when a fire of undetermined origin started in the motor of a truck owned by Mike Turk. The blaze spread to the wiring in the dash.

A fire blamed on a defective oil stove caused slight damage at the home of Carl Landis, 1129 Harker Ave., at 5:14.

The department was called to the home of Carrie L. Hemsley, 211 Walnut St., after a complaint was received that paper was being stored.

Assets Unfrozen

QUINCY, Mass.—A sneak thief dipped into the deep freezer which grocer Samuel Jolas used for a hiding place and stole $90—cold cash.

Progress Hurts

CEDAR VALE, Kan. — This Kansas town is feeling a peculiar pinch of progress. The Water Department faces a deficit operation because the Missouri Pacific Railroad decided to put in Diesel engines in place of steam locomotives. That took away the town's largest water customer. The railroad's bill had averaged almost $75 a month.

Workmen Spare Tree

OAK RIDGE, Tenn. — Oak Ridge workers were laying an underground pipeline which they found would run straight through a giant elm. To save the tree, it was decided the pipe would be circled around it. Many inquiries had come in from residents who were anxious about the tree.

Gasoline Not Pop

SPRINGFIELD, Ill. — Gasoline doesn't taste like soda pop, but four-year-old Chris Dinardo had to find that out the hard way. Chris took the cap of this father's automobile tank, inserted a piece of hose for a straw, and sucked through it. Chris was O.K. after a visit to the hospital.

Voting Marks Corn Belt As Battleground

Farm Areas Swing Back To Republicans In Key Midwest Area

WASHINGTON, Nov. 9 (AP)—Republican gains in Tuesday's elections marked the Midwestern corn belt as a major battleground for the 1952 presidential campaign. This area helped President Truman win his surprising victory two years ago.

In elections involving national issues, three key states in Mr. Truman's 1948 defeat of Republican Thomas E. Dewey—Ohio, Illinois and Iowa—returned to their traditional place in the G.O.P. column. Had any two of these states voted for Mr. Dewey in 1948, he would have been elected.

In these and other Midwestern states, Republicans generally ran better in rural than in urban areas—a fact that may lead both major parties to try to outdo each other in courting farmers' favor during the next two years.

Two factors may have influenced the switch in farm voting—a tendency for farmers to return to their traditional Republicanism when times are good and to vote Democratic only when their prices and incomes are declining and apparent dissatisfaction with foreign policies of the Truman administration.

Of more immediate political interest is the possible effect the election will have on the future of Secretary of Agriculture Brannan and his controversial farm plan.

Certainly the Brannan plan was not a key farm belt issue in Tuesday's elections. Relatively few Democratic candidates mentioned it in their campaigns. It was endorsed by Democratic senatorial candidates in only three corn belt states—Iowa, Wisconsin and Ohio.

Nevertheless, there was speculation before the election that sharp Republican gains in the corn belt might lead Democratic leaders to urge President Truman to drop both Mr. Brannan as agriculture secretary, and his plan.

Contributing to this speculation was a campaign statement by Vice-president Barkley that neither he nor the Democratic party endorsed the Brannan proposal. The defeat of former undersecretary of agriculture Loveland for an Iowa Senate seat certainly will not help Mr. Brannan. Mr. Loveland had endorsed the Brannan plan.

Some key farm policymakers among Democrats in Congress are against it. They include Senator Ellender of Louisiana, who will be chairman of the Senate agriculture committee; Senator Anderson of New Mexico, former secretary of agriculture, and Representative Cooley of North Carolina, chairman of the House agriculture committee.

Georgetown

Mrs. Clyde Church and children of Cleveland Heights, Mr. and Mrs. Cecil Fletcher and son, Robert, Miss Myrna Smith of Wilkinsburg, and Charles Fleming of Tacoma Park, Md., spent Sunday with Mrs. Lavenia St. Clair. Mrs. Fleming had been visiting her mother, Mrs St. Clair, and accompanied her husband home.

Mrs. Edward McHale of Oakdale spent the week end with her sister, Miss Margaret Hogan.

George Laughlin is ill at the home of his sister, Mrs. Edwin Cooper.

Mr. and Mrs Harry Rittenhouse of Alliance, and Mrs. William Bradley of East Liverpool visited Sunday afternoon with their cousin, Miss Jessie Kinsey.

Mr. and Mrs. Carl Cowan of Crafton, Pa., were Sunday guests of Mrs. Edwin Cooper.

Milton Dixon, a student at Washington & Jefferson College, Washington, Pa., spent the week end with his father, B. F. Dixon, and sister, Mrs. Curtis Finley.

Philip Hewitt and children were business callers in Harrisburg, Saturday.

Mr and Mrs. Harold Andrews and daughter, Rose Marie, of Worcester, Mass., are visiting her parents, Mr. and Mrs. T W. Pryor, and sister, Mrs. Philip Hewitt

Mr and Mrs Park McHaffie, Mr and Mrs James McHaffie and daughter, Joann, and Mr. and Mrs Walter Allison and son, John, spent Sunday with Mr. and Mrs Wayne McHaffie in East Liverpool

Mrs. Fred Campbell had as week-end guests Mr. and Mrs Floyd McElhaney and family of East Liverpool, Mr. and Mrs. Paul Toman and children of Freedom, and Mr and Mrs. John Moore and children of Hookstown.

Mrs Lester B Finley and son, Mrs James P. McHaffie and Miss Mary McHaffie of Coraopolis, have concluded a visit with the former's son and daughter-in-law, Mr. and Mrs. Parkley Finley, in Alexandria, Va.

Winter Ice Lasts

CLEAR LAKE, Ia.—Ice from Clear Lake keeps drinking fountains spouting cool water throughout the summer in the city park. Forty tons of ice are cut from the lake each winter and placed in a deep pit in the park. Coils of pipes carry the water among the ice blocks, which last all summer.

HONOR CAMERAMAN. A memorial "incentive" trophy honoring Charles D. Rosecrans (above), International News Photos war cameraman killed two months ago in a plane crash in Japan, has been established by U.S. Camera Magazine. The trophy will be conferred annually by the National Press Photographers.

RECIPE OF THE WEEK
By Mary Lee Taylor

Baked Fruit Dumplings

Broadcast: November 11, 1950

1½ cups prepared biscuit mix
½ cup Pet Milk
3 tablespoons water or fruit juice
2 tablespoons butter
½ cup brown sugar
½ teaspoon cinnamon
⅛ teaspoon nutmeg
1 cup well-drained, canned fruit cocktail

Turn on oven; set at hot (425°). Grease 4 custard cups each holding about 1 cup Put biscuit mix into bowl Stir in with fork a mixture of milk and water. Beat hard with fork 30 seconds. Turn out on floured board. Roll into an 8-in. square. Dot with bits of butter. Sprinkle with mixture of brown sugar, cinnamon and nutmeg Spread with fruit cocktail. Roll up like jelly roll. Cut in 4 slices Place in greased custard cups Set in shallow baking pan or on cooky sheet Bake 25 min., or until light brown Serve with custard sauce if desired. Makes 4 servings

You Will Need:

Pet Milk, Biscuit Mix, Brown Sugar, Cinnamon, Fruit Cocktail and Nutmeg.
